

SO WHAT

By Gil Wales

Although the juvenile jitters are jouncing downtown, the juniors hereabouts are doing pretty well, all things considered, we learned at City Hall. Naturally, there's plenty of pranks and prattle effusing from our small fry but with the exception of a strong case of wanderlust—difficulties are at par. Better cross your fingers.

About the roving spirit, we are apprised that around half dozen adventurous youth, both boys and girls, took it upon themselves to hie off from homes during the past week. However, before you become alarmed, let us quickly state that five are back in their domiciles and the sixth isn't very far away. In fact, he may be ensconced in his rightful dwelling by the time this goes to print.

Many people might think it strange that so many residing in this vicinity should pick up and go their separate ways—all at the same period—but it isn't so odd when you weigh the matter. First, the practice has become nationwide, and is ever on the increase. Seems as if the teen-agers have accepted the idea as the sure cure for all their alleged ills.

Secondly, we have been informed in a roundabout fashion that the notion is widely discussed wherever kids gather. Moreover, it appears that many of them say that a sudden disappearance works fine, explaining that their folks are so glad to see them when they return, many of the old frictions are forgotten.

Consequently, it might be a good idea to have a heart-to-heart talk with junior on the subject. We suggest that not too much stress is placed on the anxiety caused parents, instead, you might emphasize the procedure usually followed in these cases.

A runaway notice goes out on the police teletype, asking nearby officers to keep a weather eye out for the involved rascals. Then the lad or lass is picked up, returned to a police precinct, there to await the arrival of father or mother.

In many cases, the youths are held for hours, which is no fun after the first few minutes. Next, (Continued on Page 2)

Let The "Record" Help To Publicize Your Group

Why not let the "Record" help you to publicize the activities of your clubs and organizations?

We are glad to print stories concerning any group in the Daly City, Colma, Broadmoor area. All we ask is the information, which may be mailed or brought to the "Record" at 3317 San Jose, or phoned in by calling JUniper 7-4321.

Here is a letter which we appreciate, for we are glad to learn the "Record" has assisted its readers and members of the community.

"The Royal Neighbors of America, Vista Grande Camp No. 6035 of Daly City, wish to thank the Daly City Record for the fine publicity given their organization during the past year."

Sincerely,
Merle Taylor, Oracle, RNA

More Business For Repair Men

Car body men received some additional business Sunday when two Daly City cars collided near the intersection of Citrus and Mission.

Neither of the drivers was injured in the accident, although both sedans are in need of repair.

Driving the cars were: Leroy W. Davis, 19, 201 Citrus avenue, and Alfred Barsten, 18, 526 Vista Grande.

Davis was assertedly turning on Citrus when Barsten's car collided with his, police reports indicate.

The left side of Davis' car will need repairs as will the left fender of Barsten's machine.

\$396,000 DALY CITY RECREATION BOND ISSUE

City Treasurer Paul Selmi, left, City Clerk B. C. Ross, center, and Mayor Paul Green complete putting the official signatures on Daly City's \$396,000 recreation bond issue early this week. On Wednesday the bonds were sold to Blyth & Co., high bidders on the issue, and the money is now on deposit in the "1949 Recreation Fund," authorized by the city council at Monday night's meeting. (Photo by Myra)

20 Year Eagles To Be Honored At Old Timers Night

Put a large red circle around February 9.

That's the date of the biggest event in the Colma Vista Grande Aerie No. 1848, FOE calendar. "Old Timers Night."

Beginning with a banquet at 6:30 p. m. in the Aerie hall, 3342 San Jose avenue, all the Eagles will gather to pay homage to members of 20 years standing.

After the dinner a special class initiation will be held during which members who were officers in the chairs 20 years ago will preside.

W. W. Sunderland will act as Worthy President, assisted by William Bolger, Eric Diebel, William Wright, Bert Meritt, Fred Hanel and John Craig.

Following the class initiation ceremonies, Eagle 20 year membership pins will be presented to Thomas Allen, Ed Cavanaugh, B. Chietti, Joe Chietti, Luigi D'Elia, W. W. Freeman, Leo Kusber, H. C. Letz, Joe Noero, John Scaladosis and John Erickson.

General chairman of the event (Continued on Page 2)

Burglar Takes \$40 Overlooks \$60 More

Entering the home of G. W. Duke, 157 Gambetta street, Sunday, an unidentified burglar took two \$20 bills from a wallet, but left the wallet and \$60 behind.

The thief, who came through an open window in the back of the home, went straight to the bureau drawer where the wallet was hidden. Nothing else in the home was touched, police say, with the exception of one can of beer taken from the icebox.

Time of the burglary was set at between 11 a. m. and 10 p. m. Sunday. The family was away.

As the thief left the \$60, and failed to touch anything else in the house, police lay the work to a juvenile.

City Sells Bonds; Recreation Work To Begin Soon

Work on Daly City's \$396,000 recreation improvement is expected to begin this spring, and many of the projects will be completed by 1950, Mayor Paul Green said today.

This announcement followed the sale of the bonds to Blyth & Co. Wednesday. Now the city has the necessary funds to proceed with the \$295,000 War Memorial Community center and \$101,000 in park improvements.

To date these are the latest developments on the project as reported by Mayor Green:

1. Architect Mario Ciampi is working on detailed specifications for the community center building. Mayor Green is preparing to complete action on the acquisition of the last remnants of property near Alp and Mission needed for the site.

2. Recreational-architect Vernon Dean, recognized expert on parks and playgrounds, is putting finishing touches on plans for the development of Marchbanks and Lincoln parks. He has completed a plan for a new park in the Edgewood Terrace - Hillside area.

3. Property is now being acquired for a park in Crocker tract and negotiations are underway for a site in the southern part of the city.

Meanwhile, options on a 10-acre site in Westlake are still in force, but work on this project will be delayed until completion of the other five parks. The Westlake site is not included in the bond issue, Mayor Green emphasized, but is a separate matter.

Pansy J. Abbott, SM County School Supt., To Retire

Ending 25 years as San Mateo county superintendent of schools, Miss Pansy Jewett Abbott will retire at the end of her present term in January, 1951.

In a statement Wednesday, Miss Abbott said she would not seek re-election this year.

Henry Hall, assistant county school superintendent since 1945, quickly announced that he will be a candidate for the position at the June primary election.

Salary for the position is \$8,900 a year, of which the county contributes \$6,500 and the state \$2,400.

Beginning her career as a San Mateo elementary school teacher in 1904, Miss Abbott was appointed county superintendent of schools in 1925. During her administration, the school population has more than tripled.

Miss Abbott's close associate, Miss Eleanor F. Collins of San Mateo, assistant in charge of the curriculum division, will retire at the same time.

The Gun Wasn't Loaded; But D. C. Boy Is In Hospital

Another "unloaded" rifle is responsible for a Daly City boy being in a hospital today.

Early Wednesday morning in his 67 Woodrow street home, 10-year-old Michael Donham was showing his father's 22 calibre rifle to his buddy, Ernest Hansen Jr., 12, 76 Woodrow street.

Michael was convinced the gun wasn't loaded, so when he pulled the trigger, to show Ernest how the rifle worked, he was unprepared for what happened.

The barrel was aimed at Ernest's arm. When Mike pulled the trigger a bullet tore through Ernest's upper left arm.

He was rushed to Alemany emergency hospital where attendants treated him for a flesh wound in his arm. Later he was transferred to St. Luke's hospital where doctors are exploring the possibility that the shot shattered an arm bone.

Ernest's father said his son has constantly asked for a gun.

"I guess he won't be so anxious to have one now," Hansen senior said.

Police report that the shooting was entirely accidental.

USO Closes Shop; Local Drive Off

As the national United Service Organization, USO, is closing up shop, the proposed San Mateo county drive to collect funds for that organization is cancelled.

That was the announcement today from John Broderick, postmaster for Burlingame and USO chairman for San Mateo County.

Melford D. Battye, Daly City councilman, had agreed to head the drive in the Daly City area.

In making his announcement, Broderick thanked Battye and all other local residents for their promises of help in the now defunct USO.

Young Bike Rider Struck By Auto

A nine-year-old Daly City boy narrowly escaped injury Sunday afternoon when, shooting out from between two parked cars on his bike, he was struck by a car.

Riding the bike was Paul Tapia, 9, 76 Miriam street. The driver of the car was Arnold L. Braae, 376 San Diego avenue.

According to police, the boy came out from behind the cars and Braae's machine just nicked the front wheel of the bike. The accident occurred across from Tapia's home.

Tapia's parents report the bike was given him for Christmas, and is now in need of a new front wheel.

The car, which was traveling at a slow rate of speed, escaped without damages.

ROBERT DUFFY TO SEEK COUNTY RECORDER JOB

Robert Duffy, 141 Los Banos, announced this week he will seek the post of county recorder in the June San Mateo county primary election.

The 47-year-old Daly City man for the past eight years has been deputy county clerk and clerk of Superior Judge Edmund Scott's court.

The incumbent is Ruth Kirste, appointed recorder by the board of supervisors, following the recent death of T. Clark Rice. Mrs. Kirste, who will hold the position until January, 1951, said she has not made up her mind about standing election.

Duffy, a resident of Daly City for the past 23 years, says he has the support of "several north county groups."

A native of Canada, Duffy came to this community and worked at several jobs including that of manager of a Safeway store, before he sought employment with the county. He is the father of two children, Bettie, 16, and Rodney, 20.

To date there are two hats in the ring for the recorder's job, one to come, and perhaps the candidacy of the present office holder.

Francis J. Robinson of San Mateo, county probator officer from 1930 to 1944, announced he will probably seek the position.

Floyd Granger, 53, county veterans' service officer also indicated he would run for the recorder's job.

The recorder's position pays \$6,500 a year.

Planners Approve City's Acquisition Of Thornton Beach

Full approval of Daly City's plan to lease Thornton beach from San Mateo county for recreation purposes was given this week by the county planning commission.

The commission agreed to submit the plan to the board of supervisors for their approval. The board meets February 7, and at that time probably will consider the proposal.

A. J. Bodien, works superintendent, said he had spoken to several of the supervisors and they appeared to "be favorably inclined" toward the measure.

Thornton beach consists of 26 acres of land just west of Skyline boulevard near the approach to the coast highway.

Another 26 acres of the beach (to-date not requested by the city) adjoins the southern end of the land in question. This 26 acres is owned by Henry Doelger.

However, in Doelger's holdings the county has a recreation easement, and at the present time has a road running into the beach property.

There is no road, or development of any kind, in the acreage requested by Daly City. City officials believe that these improvements can be made, however, without too much expense.

If the plan of transfer goes through, the county will turn the beach property over to the state and the state in turn back to Daly City. Purpose of this procedure would be to retain for the county the matching fund value of the beach in connection with state acquisition of additional beach property in the county.

County officials say the entire beach (including Doelger's land) represents approximately a \$50,000 investment by the county.

Daly City Plans Recreation Exhibit

Daly City will be represented at the second California Recreation Conference by an exhibit demonstrating the \$396,000 park and recreation improvement project.

Mayor Paul Green made this announcement today, and noted the conference is to be held in San Jose on February 14 to 17.

"With one of the most active recreation programs for cities of similar size, the Daly City exhibit will demonstrate the existing program of recreation activity, as well as plans for the community center and park areas," Mayor Green said.

Elman Rose, recreation director, and Erle Johnson, his assistant, will represent the city at the conference.

Swing-Shift Is Out; Garden Village School To Open

The Garden Village school will open "for business" about mid February, James Snell, superintendent of schools, said today.

With this announcement, the Daly City area was almost completely taken off the "swing shift" education schedule. When the first unit of the Garden Village school is opened, pupils from Broadmoor and Westlake now attending Jefferson elementary will go to the new school. This will take Jefferson off the present double session.

By March, the only pupils going to school in double shifts will be three classes at Crocker, Snell said.

However, Snell wasn't optimistic as to the future.

"At the present rate of growth of the school population we'll be back to the double sessions next fall. There are just too many children for the number of schools," Snell stated.

He did hold out some hope, in that an extensive building plan is now being considered by the school district to alleviate the "housing" shortage. Details of this plan will (Continued on Page 2)

See Page 5 For Full Page Graduation Pictures and Stories

Hats off this week to graduating students of the Daly City area.

As our salute to these graduates, pictures of each and everyone of the students appears in this issue of the "Record" with a complete commencement story.

Watch the "Record" for complete stories and pictures of other items of interest to homeowners in Daly City.

Wanted: One Sea Scout Master

Do you like boys and scout work?

If the answer is yes, please call the Daly City Lions club. They are badly in need of a sea scout master for the Sea Scout Ship No. 144.

Unless some leader can be found soon, the Lions will have to give up their sponsorship of the troop.

The man who wants this job need not have any experience either in scouting or seamanship. Only his willingness to devote a few hours a week to boys between 12 and 18 years of age is needed.

Those interested in taking over this position are asked to contact Hal Willis at the Daly City Cleaners, or by calling Willis at DElaWare 3-5261.

Gas War Hits Peninsula Points

Creeping up the county, but not yet at Daly City today, was a gasoline price war.

The battle started some days ago in Alameda county as major companies began to cut prices to allegedly cut out independents and especially self-service stations.

San Mateo reported this week that Associated stations had cut nearly 2 cents from the standard price. In Redwood City one of the major companies was selling gas as low as 22.9 cents a gallon.

Standard Oil between San Mateo and Los Altos cut prices several cents, with regular gasoline selling at prices from 23 to 25 cents a gallon.

Boy Pulls Handle, Ends Up in Road

A case of mistaken identity ended Sunday afternoon with a six-year-old San Francisco boy being treated for minor cuts and bruises at Junipero Serra hospital.

The injured boy was Richard Jones, 301 Bayside. He was riding in the back seat of his parent's car, when wishing some fresh air he reached for the window handle.

But it was the door handle his hands found. The next minute he was catapulted from the back seat onto the highway.

Fortunately, the machine was traveling at a slow speed, and the boy suffered only minor injuries.

The accident occurred at 5:50 p.m. Sunday on El Camino near the Buri-Buri ranch.

CITY COUNCIL MEETING

Concordia Improvement Bids Called; Minors Can No Longer Have B. B. Guns

Daly City Juveniles Quiet As County Checks Teen-Agers

While San Francisco and the rest of San Mateo county were having plenty of juvenile trouble this week, Daly City is "comparatively peaceful," Police Chief W. W. Sunderland said today.

No outbreaks of either minor or major violence among juveniles has been reported here recently, Chief Sunderland asserted.

He added that the curfew law, which forbids minors under 18 years of age to be on the streets after 10 p. m., was being observed and police had had no occasion to enforce the law with any undue rigour. He emphasized that while the law is being enforced the police are using the utmost "discretion" to see that no one is inconvenienced.

Meanwhile, on the Peninsula, following the shooting of a San Bruno youth last week, San Mateo county officials are cracking down on juveniles.

Among other things, the state patrol was apprehending a 14 youthful violators of the traffic and vehicle laws in the north coastside area. Patrol Captain E. F. Cassell said every "hot rod" and other car in the area will be checked.

Not so lenient with the county curfew law, officials had instructions to pick up all violators of same who were under 18 and on county streets after 10 p. m.

District Attorney Louis B. Dematteis was in conference this week with county officials to discuss other anti-juvenile delinquency strategy in the county.

Dematteis announced earlier in the week that Charles Trux Jr. and Walter Dugger, both 16 and of San Francisco, who allegedly pumped four shots into Fred H. Schoene, 20, after a "hot rod" chase near Sharp Park, would have to stand trial on charge of assault with deadly weapons.

Lewkowitz Named Red Cross Fund Drive Chairman

Plans for the annual Red Cross fund raising campaign are well underway. The drive will start in Daly City March 1, and continue throughout the entire month.

Joseph Lewkowitz has accepted the appointment as chairman of the drive here, Charles Grigg, San Mateo County chapter official, said.

Publicity is to be handled by Grant Williams.

Present plans call for a concerted effort on the part of all workers to reach the Daly City goal of \$2,000.

Many volunteers will be needed, and Lewkowitz will appreciate hearing from anyone willing to help. Those who wish to volunteer are asked to call JUniper 7-3725 or JUniper 4-5493.

Rocks And Radios Keep Police Busy

On the lighter side of the police blotter this week were these two items.

Sunday an unidentified florist called police and demanded immediate protection from some young lads.

Officers arrived at the scene to find several boys standing around the florist's glass green house with rocks in hand.

Their temptation was subdued by police who disarmed them and advised them to play in another area.

Earlier Sunday morning police answered a call concerning a family "misunderstanding."

A Daly City gentleman and his daughter were in disagreement over what radio show should be playing over their single machine. A minute later the gentleman's wife arrived and sided with the daughter.

When officers arrived the three were exchanging words.

But the argument was settled when it was discovered the programs in question had concluded while the three "debated."

The Daly City Record and Daly City Shopping News Now Reach 55,000 People Every Week in Daly City, Colma, Broadmoor, Garden Village, Buri-Buri, San Francisco.

VOLUME 46, NUMBER 52

Whipping through a short meeting Monday night, the city council's principal action was to call for bids on the Concordia tract improvements.

Contractors are to submit figures for the paving of streets, sidewalks, putting in sewers and other such work in the northeast corner of Daly City.

Estimates by City Engineer R. A. Klassen are that the entire job will cost approximately \$110,000. Expected time of completion is roughly four months.

Bids on the work will be opened February 14. Also, at that time the last public hearing on the assessment district is to be held.

Mayor Paul Green reiterated that this will be a hearing on the improvements, and not on the question of the drive-in-theatre. That matter, he said, will be taken up when the theatre requests the city for a right-of-way on city streets.

The council also lowered the boom on minors buying or carrying B. B. guns and slingshots within the limits of Daly City. According to the ordinance, which will go into effect within 30 days, it is unlawful either for a minor (under 21 years of age) to buy or possess a B. B. gun or sling shot in this area.

Notices to that effect are to be posted in all stores that previously sold the "weapons" to minors.

The maximum penalty for those who violate the new ordinance is a fine of \$500 or six months in jail or both.

After several months of delay, another ordinance came up for a first reading at the city council last Monday. Under the provisions of this ordinance, no business firm may build closer than 10 feet from Junipero Serra boulevard. Unless objected to, this ordinance will be read at the next meeting of the city council, February 6, and probably be approved.

Other business before the Monday meeting was:

1. Passing a resolution setting up a 1949 bond fund. (This is the \$396,000 for the War Memorial building and park improvements. Details are in another story in this issue of the Record.)

2. Amending an ordinance to lower city inspection fees of certain plumbing work. This was the second reading, and within 30 days the amendment will be law.

3. Reading of the city gasoline consumption report.

Democrats' Choice

Arthur J. Johnson, San Jose attorney, was nominated as the Democratic candidate to run against Jack Anderson (R) for a seat in the House of Representatives this year. Johnson was chosen at the Saturday meeting of the eighth district Democratic conference in San Jose.

FOR GOVERNOR

Jimmy Roosevelt isn't going to have the Democratic field all to himself in the race for Governor. Welburn Mayock, Los Angeles attorney has tossed his hat into the ring and pension man George H. McLain is flitting with the idea of running in the Democratic column. The latter seems quite sure that he can out-pull Jimmy at the polls. As far as Mayock is concerned he entered the campaign largely because he doesn't want the nomination of his party to go to Roosevelt by default.

Mayock charges that Jimmy is "neither a good party man nor a loyal Californian." Many another Democrat will agree with those sentiments but unless stronger opposition than Mr. Mayock can muster appears on the scene Jimmy will get the nomination. McLain with his following of old age pensioners could, no doubt, cut substantially into the Roosevelt total. But he still wouldn't be likely to win out over the son of the former President.

FORMOSA DECISION

President Truman's decision not to intervene in Formosa could not be expected to meet with all around approval. There are still many people who think we are making a big mistake by not sending troops, guns, ships and planes to that island in order to hold it for Chiang Kai-shek. History may prove these people to be right, but a realistic approach to the situation at present does not justify such action.

Chiang's position on Formosa is apparently no different than it was on the mainland. Indications are that the same corruption, rivalry and mismanagement which have long been part of his regime are still flourishing. In attempting to hold the island for him we might have to do more fighting against the people of Formosa than against Communists from China.

About the only way we could ever have helped China would not have been by cooperating with Chiang but by throwing him out and setting up a new regime.

SAFETY RECORD

In spite of the fact that traffic safety continues to be one of the nation's greatest problems it should be noted that definite progress toward safe and sane driving — and walking — is being made. California's New Year's week end toll was not up to the usual standard of slaughter and such cities as San Francisco and Los Angeles hung up safety records for that period which were little short of miraculous.

All this indicates that the never-ceasing efforts of safety groups, police, and public officials concerned with traffic regulation are beginning to pay off in a most encouraging measure. The imposition of stiff penalties in some communities on flagrant traffic violators is also having a sobering effect on some of the hot-road element. Of course, there is still a long way to go but the recent progress made toward safety is more than seemed possible a few years ago.

TALK OF A TRILLION

One of the intriguing parts of President Truman's State of the Union address was his vision of a possible trillion dollar national production volume by the year 2000. That's four times the present level. This achievement, he said, would probably result in an income of about \$12,000 a year for the average family.

Now, this rosy picture is lovely to look upon until one takes into consideration what must be done to bring it about.

Mr. Truman himself points out that it will not be attained "unless our businessmen maintain their spirit of initiative and enterprise in a competitive economic system." How true. But what is the President and his Administration doing to help "maintain their spirit of initiative and enterprise"? Let's see.

The President wants higher taxes — only moderately higher, he says, but higher, nevertheless. The tax scale even now is very discouraging to businessmen, especially the smaller ones. The President wants more and bigger subsidies for agriculture, more and bigger social security benefits, more and bigger Government projects and enterprises which often enter into direct competition with business.

All this means more and bigger taxes or else more and bigger deficits. Neither of these will contribute toward a trillion dollar national output in 2000 or an average \$12,000 a year income — unless they bring on an inflation that will make figures meaningless.

Mr. Truman could really start the ball rolling in the right direction by helping to lay a sound foundation on which a trillion dollar national output might some day be built. He will never do this however, through bigger and ever bigger Government no matter how much he talks about it.

JUST AS DEADLY

Careless walking is just as dangerous as careless driving, warns the California State Automobile Association. Either may cost you your life. When you walk, keep alert, obey traffic signals, and don't jaywalk.

LOW GAS MILEAGE

High speed and erratic driving cause low gasoline mileage, advises the California State Automobile Association. Best mileage is obtained at steady speeds between 20 and 40 miles per hour.

SO WHAT

(Continued from Page 1)

s the matter of recording such accidents. They go down on the police blotter, and may cause difficulties, especially relating to the tariff regulation, which is receiving greater consideration all the time.

Without going any farther, it is simple to see that quite a situation can be made against running away. Maybe a recital of the facts will deter such a move.

Last week we remarked on the fact that the number of automobile accidents in this vicinity dropped markedly during the last year. We have the tabulation from Chief of Police Sunderland, and the exact figures are 355 in 1948 and 261 in 1949, or 94 less.

That's really something for your book when you consider that motor mishaps are decidedly on the increase in almost every community. Asked about the reasons for the better showing here, the Chief said that four main factors applied: the efficiency of the police officers; stricter law enforcement; more stop and go signals, and the reduction of the speed limit on Junipero Serra boulevard.

The big drop concerned the Boulevard. At nonintersections, the figure fell from 47 to 9, an extraordinary condition, for which Bill found two reasons.

First, the speed was cut from 55 miles an hour to 35. Secondly, the continued warnings to cross only where lights show, was taken to heart.

At this point, Sunderland asserted that everyone should ponder for a while just how potent is the plea against jay walking. "One thing," he added, "many an ambulance ride will be saved if people will think about it for a few minutes."

In any case, it seems that many folks are paying more attention to suggestions. In 1948, 74 accidents occurred on Mission street where there were no lights, while last year only 36 took place. Again, we see the effects in that there were 109 at intersections in 1948 and 71 in 1949.

Next, we are glad to find that auto accidents with bicycles, tricycles and scooters fell off. In 1948, 12 were reported while there were five last year. That indicates the youngsters are minding their Ps and Qs when it comes to playing in or crossing the streets.

Auto-bus collisions also dipped in number. There were 14 in 1948 and 1 last year. Looks as though both sides took greater care in this category, a very important one.

DRIVING NEAR PARKED CARS

Motorists should exercise special caution when driving near parked cars, advises the National Automobile Club. If children or irresponsible adults dart out from behind such obstructions, the motorist should be able to stop quickly and safely.

STRICTLY FRESH

Anthropologists have turned up in South Africa another "missing link" in the evolution of man. Ultimately, we expect to hear of the existence of a whole chain of nothing but missing links.

In England, the top quiz prize on BBC is \$8. For that kind of money here, you couldn't even get people to answer the phone!

Juliette St. Amour was granted a divorce from Romeo St. Amour in Detroit. That's a new wrinkle in a very old cloth.

One college says the average salary of its 1947 graduates is \$2500. This can be raised, however, if some of them become bricklayers or construction workers.

One bookstore advertised a volume entitled, "Harry Truman, a Political Biography" with this inflationary sign: "Formerly 19 cents, now three dollars." And for a deflationary note—there's probably a drastic cut in any Dewey literature.

We learned of a fellow, who is a very careful driver, ripping off an entire fender by touching a piece of an unseen bumper on a double-parked truck.

Of course, there is sure to be trouble in the narrow streets where actually, there isn't room for two lines of parked cars. Hence, something should be done to ease the trouble line.

One suggestion, all deliveries should be made in the early hours of the morning, has merit. Yes, that procedure would require a shift in at least one man's hours, however, there would be many advantages such as no or very little delays, a considerable saving.

A Tough Opponent

Swing-Shift Is Out

(Continued from Page 1)

be printed from time to time in the "Record."

Meanwhile, dedication services at the first unit of the Garden Village school are to be held Sunday, February 5, at 2 p.m. The school is located at the west end of Garden lane.

Participating in the program will be the members of the school board, the architect, the Broadmoor American Legion and VFW posts, and representatives of the Broadmoor Property Owners and Garden Village Owners' associations.

Following the program the school will be open for inspection.

During the inspection, the viewer will learn that this is the first unit of a proposed 12 to 14 room structure for kindergarten to fifth grades, inclusive.

An upper grade school is planned for adjoining property.

The architect who designed the school is Mario Ciampi. The contracting company is Theodore Meyer & Sons. Construction was started on June 23, 1949, and the contract cost of the building is \$115,480.

The present unit consists of one kindergarten, six classrooms and an administration building. The building is lighted bi-laterally with the major portion of the light from the north. Incandescent fixtures of the concentric ring type furnish artificial light. Rooms are treated acoustically and are heated by means of copper tubing imbedded in the concrete floor slab through which hot water is pumped.

The building, though a portion of the so-called "State Austerity Program," is an excellent example of modern functional design and a real asset to the area served.

A complete program of the dedication services will be published in next week's "Record."

Meanwhile, Snell reported today that Miss Aileen Suber, former principal of the old Woodrow Wilson School, will be the principal of Garden Village school. At the present she is co-principal at Crocker.

THE LAST MILE

The criminally reckless driver inevitably reaches his "last mile," observes the California State Automobile Association. But it's a tragic fact that frequently it is also the last mile for the prudent driver who becomes the victim of criminal negligence. Always keep alert for speeding and reckless drivers.

Around Broadmoor Village

with Verna Duste

Hi! Member us? We're the one (grammar??) who's trying (mind you, we said "trying") to do our duty by a newsy column about our neighbors — yours and ours. So — what happens?? Lots of things, we're sure, but does anyone tell us?? NOOOOOO—so we're left in the dark. Remember, if something happened to your neighbor that they thought important enough to tell you about, it's important enough for a column that is based on the happenings in our own little neighborhood. So Mr. This-or-that's mother-in-law is in town — fine! We'd like to extend her a welcome via this column, so give us a buzz!!! JU 5-1865.

Little Judith Marilyn Land, who arrived at the Joseph Lands on Foothill drive, carries off the "heavy" honors (and the cute ones, too!) for the week, weighing in at 9 pounds.

The Robert Wards on Gilman are proudly presenting to Broadmoor in particular and the world at large, their Donald, who arrived January 12, and weighed 8 lbs. 8 oz. Not far behind, in weight, that is, is Jeffrey Scott Stoddard, who took up residence on MacArthur drive on January 21, to the tune of 8 lbs. 7 oz.

Did you hear about the Broadmoor matron who was doing a cool 45 through the tract, and her reply to her patrolman?? "ooooo-officer, I didn't know there was a speed limit!!" End of the Urge-to-Kill Dept. for this week.

Get-well wishes are heartily extended to Mr. Halfdan Juhl on Village lane, who is ill with the flu. Tsk, tsk, Mr. J., can't have any of that, y'know.

These few weeks have broken out with a very mild rash of birthday parties — heading off the list, little Patty Eliopoulos celebrated seven whole years on January 7, with a party for playmates.

Likewise celebrating with his pals (and on Stewart, too!!) was Webb Parker, who was seven on January 14. Stewart avenue's final contribution to the Happy Birthday Department is Ronald Walker, who knocked out his eleventh year on January 21. Happy Birthday, Stewards! (What, Sam, there's no such word?? Go back to watching that gopher hole — we'll take care

of the word department!)

The Ladies' Auxiliary of the Veterans of Foreign Wars, Lake Merced Post, held their monthly Canasta session, this time at the Colma Community Center. Coffee and cake were served, as per usual, and then the fight (oops — the game) was on! Winner was Mrs. Mary Atteberry (grrr! nothing personal, but natch! we were there, finished a low 35th or so!)

Remember Mrs. Gail Foster over on Washington, the gal who had polio a year ago?? Still recovering from its effects, Mrs. Foster spent the week end here at home, and after a few weeks more at the home of her mother in Tuolumne county, will be back home to stay. A very gallant little lady, who has had a lot to bear, toss out the welcome mat when you come back. Gail and we for one (or is it two??) will be up to call.

The Out-of-Town - Potentates Department is operating on all two this week, anyhow — Mr. O. P. Wright of Centralia, Illinois, is a railroader of long standing, 53 years with the Illinois Central Railroad, and, at 75 years of age, thrilled to death to be visiting Mrs. Smith and Mrs. Banks (Mrs. Smith's mother). Mr. Wright is Mrs. Smith's brother, which makes him Mrs. Banks' uncle?? Whose on first???

Ladies — are you stumbling over papers in the garage?? Men — are you tired of leaving the car in the driveway, while the papers occupy the garage?? SOLUTION — Tie them all up and bring them over to the Broadmoor Community Church on 87th street on Saturday morning, February 4 (not before). You'll be doing yourself, your wife, your garage, your insurance company, and the church a favor. The Men's Fellowship is trying to swell their contribution to the Building Fund by collecting these papers, so bring them over, please do.

Don't forget, Broad Moors — do register early, and while it's fresh in your mind. If you're not sure if you should register or not, call Mrs. Ray Marovich, JU 5-0844, or call at 1739 Louvaine drive, her home, and she will straighten it out for you. Broadmoor's voting record in the past has been deplorable. It's everyone's duty to vote — so let's see what happens next time! SELAH!

LAST PONY EXPRESS RIDER—"Broncho" Charlie Miller, last of the pony express riders in the U. S., fascinates "Russell" Messer, 4, right, and Fred Ferro, 8, with tales of the old West and a look at his own model stagecoach. Kids dropped in at his New York home to help the old frontiersman celebrate his 100th birthday.

CASH FOR YOUR HOME

Regardless of condition or age of your home, we'll pay spot cash for it now! If you've considered selling, you'd better act now, while values are at their peak.

COLMA --- BROADMOOR GARDEN VILLAGE

Engineers Probe Broadmoor Erosion Problem; But Still No Action Yet

Colma PTA To Hold Hot Food Sale

Members of the Colma PTA will start off February right with a Hot Food Sale, February 1. The sale will be from 10 a.m. to 4 p.m. in the home economics room of Thornton school, Castle and 1st street.

Various cakes, salads and hot dishes will be on the block. Money from the event will be used to further activities of the PTA in the Colma area.

The public is invited to attend. And as an added feature, room representatives will be present at the sale.

Mrs. Shirley Hess is the chairman of the sale, assisted by Mrs. Ann Leavitt. Further information may be obtained by calling Mrs. Leavitt at DElaware 3-4372.

Jenkins Appointed Broadmoor Group's Official Attorney

By Verna Duste

As one of the first acts of the new year, the Broadmoor Property Owners' association appointed Tom Jenkins as its official attorney.

Tom, who has been a member of the Broadmoor board of directors for the past year, resides with his wife and son at 1148 Nimitz drive, in Broadmoor Village.

Broadmoor's attorney is, like many of its residents, an out-of-stater. He hails from Chicago, where he took his college work in education, doing a bit of teaching before entering the army. At the conclusion of his service, he settled down in California, studying at Hastings College of Law, University of California. For the past three years, Tom has been working with Schofield, Hanson & Sholars, prominent San Francisco attorneys, and this year entered into an association with them.

During his tenure on the board of directors, Jenkins has been active on the planning commission, handled affairs relative to tract restrictions, and is chairman of the transportation committee. In the latter capacity, he appeared before the Public Utilities Commission last fall to represent Broadmoor Village in its fight to retain bus service into San Francisco.

In order to be more readily available to Broadmoor Area residents, Jenkins, in conjunction with A. L. Bechtold, 716 Maddux drive, is opening an evening office at the Callan Realty Co., 2485 Junipero Serra boulevard. Five evenings a week, from 7:30 to 9:30 p.m., Mr. Bechtold or Mr. Jenkins will be present to assist Broadmoor area residents with their legal problems. This new service will be in operation starting February 1.

Ranch "Play Day" Due February 5

Horses, food and beautiful girls all will be on hand at the Buffalo Bill Williams ranch February 5 for a grand "Play Day."

Bill said the day will get underway at 1 p.m. Everyone is invited to attend, and there is no admission cost, Bill said. The ranch is located one mile west of Junipero Serra boulevard just off of 87th street.

Several young ladies from San Francisco and the Peninsula will take part in the day's activities. These will include several horse races, trick riding, and other events.

Following the horse show, a weiner roast will be held in the ranch yard. There also will be plenty of music and a variety of entertainment.

The nation's only municipally owned opera house is in San Francisco.

A score of engineers and experts this week swarmed over Broadmoor seeking a possible solution to the erosion problem.

However, until all the reports are in, and the Broadmoor Property Owners' Association meets February 9, it appears that no definite action will be taken to alleviate the problem.

Latest developments in the situation are:

1. County Engineer M. A. Grant met with Henry Stoneson early this week. Capt. Grant said Stoneson told him:

"We will do everything we can to relieve the situation."

Just what this was Capt. Grant did not say. Stoneson, builder of Broadmoor, could not be reached for comment.

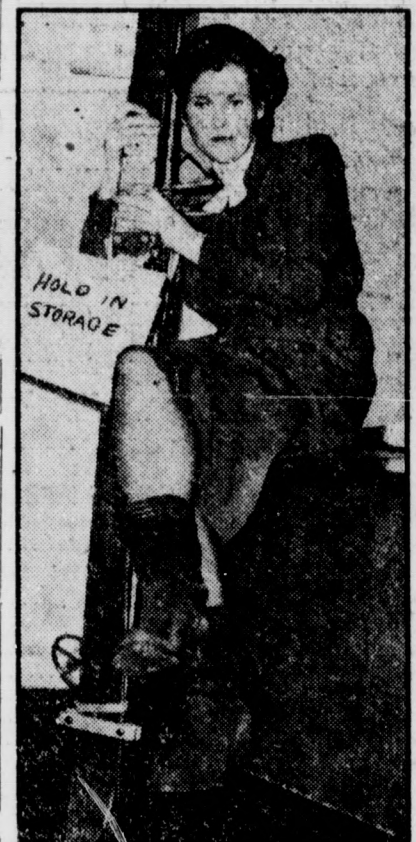

2. Ed Smith, Stoneson's engineer, was surveying the hills behind Broadmoor, supposedly in an effort to find some means of preventing further erosion. When he has completed his study, he asserted will meet with Capt. Grant to compare notes.

3. Capt. Grant reported that Stoneson had talked to several Broadmoor residents in an effort to reach some settlement for damages suffered by individual owners during the storm. The "Record" was unable to contact any of these owners for comment.

4. Late last week Highway District No. 10 engineer E. R. West looked over the situation and came up with a possible solution. In his unofficial capacity as advisor to Louis Manis, Broadmoor Property Association board member, West suggested that concrete trenches should be put in the slopes. The trenches would carry off most of the heavy water, and thus prevent the rains from washing silt down into streets and back yards.

Meanwhile, Manis reported that he has received some 40 separate reports from property owners of damage to their property during the storm. These letters will be turned over to Capt. Grant for action, Manis said.

Manis, today, asked all those who have not written and who were directly affected by the rains to put their "grievances" in writing. These letters should be sent to Manis at 211 Village Lane as soon as possible.

CLUMSKI FAN—Expert skier Heidi Stable, of Helsinki, Finland, is a bit dejected by the non-skiing weather in New York upon her arrival at La Guardia Airport recently. The weatherman just wouldn't give her any promise at all.

Street Route Still A Question

Still undecided today is the exact route for a street to connect with Westlake.

At a meeting of the Jefferson elementary school board Wednesday, the board turned over plans for the street to Mario Ciampi, Garden Village architect.

Ciampi is to study the proposed route and make a report at some future date as to whether or not the street will interfere in any way with plans for the Garden Village school expansion.

As drawn today, the new street would bisect the elementary and upper units of the school. The plan calls for a street approximately

Law To Play At Hard Times Dance

Paul Law's orchestra will be featured at the Broadmoor American Legion Post No. 824 "Hard Times" dance February 25.

This was the latest development today in plans for the big affair to be held in Colombo Hall, Colma. In addition to dancing to the fine music of Law's, those attending the dance also will have an opportunity to later enjoy a television set. One of the fine sets is to be given away during the evening.

Name of the dance comes from 300 feet west of White street to run diagonally east to west between 87th and Highway No. 1.

Merle Taylor Is New Oracle For Vista Grande RNA

When the Vista Grande Camp No. 6035, Royal Neighbors of America, meet at Little Italy Hall February 3, new officers will officiate at the meeting.

The officers were installed last Friday night. They will be in the type of costumes to be worn. Any type of dress or suit is acceptable from the rags of a hobo to the silks of a queen.

Tickets may be obtained from any Legion member, or by calling Bill Merchant at JUniper 5-1223.

charge of the organization for the year. New officials include: Merle Taylor, oracle; Marie Thompson, past oracle; Geraldine Allen, vice-oracle; Laurette Bertelli, chancellor; Lillian Gray, recorder; Cecil Saarinen, receiver; Agnes Wood, marshal.

Daisy Embree, assistant marshal; Grace Coolish, inner sentinel; Lillian Thomey, outer sentinel; Dora Black, flag bearer; Lois Storm, faith; Helen Specht, courage; Ivy James, modesty; Mary Hodges, selfishness; Mae Miller, endurance.

Installing officers included: Doris Davis, installing officer; Alice Didier, ceremonial marshal; Daisy Embree, assistant ceremonial marshal; Genevieve Doherty, musician.

BOY ON THE CARPET

The lad in this picture has been into some kind of mischief, and his dad has called him "on the carpet." His drooping head and downward gaze suggest a consciousness of wrongdoing.

These are always tense moments in parent and child relations, because they involve a meeting of personalities in a situation which might easily serve to strengthen or weaken the parental tie.

This is no occasion for parental anger, arrogance, or bluster. The situation calls for a sympathetic understanding, a calm appraisal, and good judgment based on the moral and spiritual elements in human conduct.

Parents need the wisdom of God and spiritual guidance in dealing with the behavior problems of their children. Mistakes made in these circumstances often lead to unfortunate results.

The counsel of the Church and the inspiration of the Scriptures is offered to every parent who seeks divine guidance in meeting the responsibilities of parenthood.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Joan Nicholson To Make Vows This June

The Rev. and Mrs. John A. Nicholson announced the engagement of their daughter, Carole Joan to Donald H. Webb at a birthday party for Mrs. Nicholson's mother last Friday.

The newly affianced pair's betrothal interlude will be until June 17 when, two days after Carole graduates from Jefferson High school, they will be married.

Joan attended schools in Monterey until September when her parents moved to Daly City. Her father is the pastor of the Daly City Grace Church of the Nazarene.

Donald is the son of Mr. and Mrs. Hubert Webb, 145 Miriam street, and a graduate of Jefferson High school. At the present time he is employed by a local construction firm.

The future bridegroom also is president of the Nazarene Youth Peoples Society. While serving in this office he met Joan.

In making the announcement of the engagement, Joan's parents passed around heart shaped cards with their names and the date of the wedding, to guests who had gathered to help Mrs. Otto Halvorsen celebrate her 88th birthday.

There also were two cakes at the evening celebration. One was for Mrs. Halvorsen, and the other one told in pink frosting the names of the bride and groom and the date of their marriage.

VFW Members Attend Ceremonies

When the new Veterans of Foreign Wars South San Francisco Post was instituted last Friday, several members of the local VFW post and auxiliary were on hand for the ceremonies.

During the evening, the Junipero Serra Post No. 7216, VFW, was officially brought into being, and officers installed.

Present from the Old Glory Auxiliary Post No. 2044, VFW, were: Eleanor Hatt Cochran, Ethel Dorn, Ruth Brulez, Mae Fitch and Clara Picket. Post members at the ceremonies included: Earl Cochran, Walter Dorn, Ray Brulez and Alex Alburus.

Girl Scout Fed. Banquet Jan. 31st

The third annual federation meeting of Girl Scout Councils of Northern San Mateo county is scheduled for Tuesday, January 31, at 6:45 p.m., at Lyle's Restaurant on El Camino Real and Orange avenue in South San Francisco.

Guests will include two or three girls from all the Senior troops in the federation and Regional and National Girl Scout Friends. There will be reports of the representatives to the National Council meeting in Milwaukee, and the Juliette Low Scholarship recipient to Camp Edith Macy. This is the time also for the setting of the goals for 1950 for the federation which is now three years old.

The committee from the central committee is: Mrs. L. D. Clements, in charge of dinner arrangements and tickets; Mrs. Roy Eckert, in charge of the annual report and publicity; Mrs. Stella Jensen, in charge of the program plans.

Girl Scout adults may secure their tickets from Mrs. Hilda Heagney, 117, Miriam, Juniper 7-8836.

Women's Civic Club Elects Officers

Primary business at the January 19 meeting of the Daly City Women's Civic Club was to elect officers.

The meeting was held at the home of Mrs. Lillian Cavagnaro, 428 Irvington street.

Installed for the next year to lead the club were Mrs. Maizie Boyle, president; Mrs. Amelia Lewis, vice president; Mrs. Ann Eason, secretary; Mrs. Julia Byrne, treasurer; Mrs. Lillian Cavagnaro, auditor; Mrs. Rose Watson, parliamentarian; Mrs. Dora Holmberg, sunshine.

Mrs. Marie Pool and Mrs. Marie Gehrig, program; Mrs. Martha Linden, citizenship; Mrs. Cecelia Gardella, property; Mrs. Margaret Fields, historian and publicity.

One new member, Mrs. Cecelia Gardella, was also initiated.

Following the ceremonies, Mrs. Cavagnaro served the ladies refreshments.

Ken Fellows Takes Peggy Smith As His Bride Friday

Married in Fairfield Friday, January 20 were Peggy Smith and Ken Fellows.

The bride is the daughter of Mr. and Mrs. Howard Smith, Murphy (Calaveras county), California; and the benedict's parents are Mr. and Mrs. Horace Fellows, 176 Los Banos avenue, Daly City.

Behind the simple ceremony, which took place in the Fairfield city hall, is an interesting story.

About 1 1/2 years ago Ken went to Murphy to do some duck hunting. It was there he first met his bride-to-be. A casual acquaintance was struck up, which blossomed into romance last September.

The couple were anxious to get married, but Ken still had several months of schooling left at the University of California. They decided to wait.

And then, last Friday, only a few hours after he had completed his final test and was assured of a degree in civil engineering, Ken claimed his bride.

The couple eloped to Fairfield, were married, and spent a short honeymoon near Sacramento and at Murphys.

Peggy holds a degree from the College of The Pacific in Stockton and is a member of Mu Zeta Rho sorority.

Ken, as of last Friday, is a graduate of the University of California, holding a degree in civil engineering. He also attended Jefferson high school and Woodrow Wilson. During the war he spent three years in an armored division as an infantryman. Presently he holds a reserve commission as a second lieutenant, thanks to his work in the ROTC corps of engineers.

The couple will make their home in the vicinity of Sacramento, pending the outcome of several job offers Ken is now considering.

MISS HOLLYWOOD—Because she combines "allure, dynamite and glamor," actress Shelley Winters has been selected as "Miss Hollywood" by the studio gatemmen. They're the men who have watched them come and go for a number of years.

Bethel UD, Old Plans Dinner

Principal business before the last Friday meeting of Bethel U.D., Daly City Bethel of Job's Daughters, was a discussion of plans for a February pot-luck dinner.

Also discussed was a "County Fair" to raise funds to buy equipment for the Shrine hospital for crippled children. Plans for this event are now underway, and will be reported in a later issue of the "Record."

Following the Friday meeting, a "Sport" dance was held.

The next meeting of the group will be held February 3 at the Daly City Masonic Temple, 17 Hillcrest drive, at 7:30 p.m.

Only 4.8 per cent of all whiskey consumed in the United States in 1948 was bottled in bond.

SOCIETY

Past Presidents Of Crocker PTA To Be Honored Feb. 14th

Next month the Crocker PTA will celebrate the birthday of the National Congress, and honor the memory of founders of the PTA.

It was Alice McLellan Birney and Phoebe Apperson Hearst whose vision, courage and wisdom made possible the PTA organization.

Also to be honored are the past presidents of the Crocker PTA, who have devoted service to the welfare of children.

Past presidents to be honored include Mesdames Ivy Alexander, Julia Jordan, Ethel Bolger, Gertrude Walker, Nora Clifton, Bernadine Lewis, Orville Pauw, Otha Kinsey, Mildred Seiler, Virginia Davidson, Hazel Cassasa, Olga Bordson, Margaret Holzworth, Eve Hobbs, Frances Haussler and Effie Jordan.

This special meeting is to be held February 14 at the General Pershing school beginning at 1:30 p.m.

Chairman for the event will be Mrs. Julia Jordan. She will act as president pro tem in the absence of Mrs. Erwin Schmidt who will be out of town.

The PTA will take part also in the Founder's Night meeting to be held jointly with other units in the district. This event is scheduled for February 21 at 7:30 p.m. at Jefferson High school.

Mrs. Eve Hobbs has arranged a program to be given by two students from Crocker. Larry Neuner will play several selections on his accordion while Bert McKenna will give some violin numbers. Bert will be accompanied by Mrs. Lauffenberger on the piano.

Meanwhile the Crocker PTA executive board is to meet Tuesday, January 31, at the home of Mrs. Theima Holcomb, 126 Acton street at noon. Mrs. Norma Clemen will be co-hostess.

All chairmen are requested to be at the meeting, as there is much unfinished business to complete.

Mrs. Schmidt, Mrs. Olga Bordson, and Mrs. Effie Jordan attended the CCPT, seventh district meeting held at Brisbane January 19.

Gen. Pershing PTA Members Exhibit At CCPT Meeting

Mrs. E. K. Whinnen

Several members of General Pershing PTA exhibited some of the fruits of their spare-time activities at the 17th District, CCPT, meeting held at the Brisbane grammar school in Brisbane January 19.

Among the exhibits and exhibitors were: Mrs. Lyle Ingersoll, applique design stationery, for notes and greetings. The design was cut out and pasted onto the outside front sheet of the note paper, which gave it the appearance of being stenciled. Mrs. Ingersoll also displayed her work in Dresden China. A pair of cats, a little green elf, in reclining position, a pair of costume period figures, and a powder box, were in this group. A card handkerchief holder, with handkerchief, completed Mrs. Ingersoll's collection.

The next exhibit was life charcoal drawings by Mrs. E. K. Whinnen. In this group there was a full-length portrait of a girl in slacks and kerchief on her head, sitting on a box, and an old man, a carpenter, who had worked hard all his life. The most outstanding thing about this portrait was the story of this man's life, as written in his face; the deep lines, the strong jaw, the calm, unafraid acceptance of life. A portrait of a woman with a hat on, and lastly, a Chinese boy, with the mystery and thoughtfulness, characteristic of his race, showing in his face.

The life drawings of Mrs. Whinnen were quite a surprise to the members who attended the meeting, as none had known of her avocation.

Mrs. D. C. Gensel exhibited a crocheted dog, handpainted photos of her children, done by herself, textile painting in the form of handkerchiefs.

Mrs. R. F. Traxler sent a hand made cowboy doll, and a lovely little costume doll.

The last item in the Pershing viewing line, was the hand made cradle, spread, pillow, mattress and coverlet, by Mr. and Mrs. Ed Schmale. Mr. Schmale makes the cradles and Mrs. Schmale makes the rest of the ensemble.

There were some really fine exhibits from some of the other units, but it will suffice to mention three that seemed to this writer to be outstanding. Two ceramic Chinese lamps, with hand made shades, that must have stood eighteen inches high, three oil paintings of landscapes, by a Brisbane woman, who had picked it up herself in about six months, after a friend had left some paints around the house. And the piece de resistance of this end of the viewing line: An old Chinese figurine, with a ming tree and all proper background, in a curved niche, with depth that brought out the figurines in beautiful relief. This work was exquisite, done with painstaking detail, and loving care. It was made to hang on the wall, and could grace any living room in this community with the Chinese theme, to advantage.

The meeting was opened with three numbers by the grammar school band, led and directed by the music teacher, Mrs. Jefferson. There were 37 children in the band, and their three numbers were well presented. Ten of the instruments for this band were donated by the Brisbane PTA.

After the band numbers, an enormous glee club of 45 members took over and sang three numbers. It is amazing how well trained these boys and girls were. Mrs. Jefferson simply must be a wizard with children to have accomplished this degree of perfection with so large a group. The slightest motion of her hand when leading the group was followed instantly, with no sloppiness. The singing was clear and decisive. A bouquet to Mrs. Jefferson for her excellent work with this group of boys and girls.

A book could practically be written on this meeting but this is enough for now. The "Record" may want to print some other news.

Those who attended the meeting were Mesdames George Freeland, D. C. Gensel, Arthur Lauffenberger, Lyle Ingersoll and E. K. Whinnen.

DC Legion Holds Potluck Dinner, Dance Saturday

Come one, come all to the Daly City American Legion Post No. 410 pot-luck dinner and dance.

The big feed is to be held at 7:30 p.m. Saturday, January 28, at the American Legion hall, 474 San Diego.

Following the dinner, there will be various types of dancing, from the good old square dance to modern rhythms. Music will be furnished by the best bands in the land, via the records.

Those who have never attended one of these affairs are missing a great deal of fun. There is no charge, except everyone attending is asked to bring his favorite dish to the pot-luck dinner.

Further information may be obtained by calling Pete Bordson, Delaware 3-5861.

Election Of Trustees At Next FOE Meeting

An election to fill a vacancy in the office of trustee of the Colma Vista Grande Aerie No. 1848, FOE, is to be held at the regular meeting of the Aerie February 2.

The meeting, as usual, is to be held in the Aerie hall, 3342 San Jose avenue, and gets underway at 8:15 p.m.

Those interested in filling the vacancy are asked to be present.

Whist, Hot Food Sale On Auxiliary February Calendar

Taking a quick look ahead at the calendar of events for the Colma Vista Grande Aerie No. 1848, Auxiliary, members will find:

Wednesday, February 1 — The regular monthly whist will be held at the Daly City Masonic hall, 17 Hillcrest drive beginning at 8:30 p.m. This whist will be given for the benefit of the drill team.

Tuesday, February 6 — The sewing club will meet at the home of Irene Library, 1167 Hanover street.

Friday, February 10 — A hot food sale is to be held at the Colonial Gift Shop, 6273 Mission street.

March 11 — A "Breakfast in Hollywood" show with orchids and wishing rings is to be held for members. Further details on this event will be published in the "Record."

Meanwhile, at the last meeting of the group, January 10, the following new members were welcomed into the Auxiliary: Eileen DeBano, Jacqueline Malinoff, Libby Mueller and Mary Romero. Each new member was presented with a corsage.

Also, Auxiliary President Dolly Lewkowicz attended a special meeting of all Auxiliary presidents at Santa Cruz January 18. Those who went with Mrs. Lewkowicz included Mesdames Greta Owen, Albert Diebel and Frances Nenstiel.

By way of a reminder, Secretary Frances Nenstiel urged all members this week to fill out a physical benefit application. This is necessary, as failure to fill out the form will mean loss of the benefits.

The oldest building standing in San Francisco is the Officers' Club in the Presidio.

New Arrivals In Daly City and Vicinity

To the wife of Harry M. Kordoules, 4 Muirwood drive, January 2, a daughter.

To the wife of Norman H. Brown, 748 Maddux drive, January 15, a daughter.

To the wife of Kenneth E. Garceon, 110 E. Vista avenue, January 16, a daughter.

To the wife of Charles E. Nolan Jr., 48 Abbot avenue, January 14, a son.

To the wife of Bernard J. Budke, 143 Los Olivos, January 15, a son.

To the wife of Gordon W. Peters, 804 Washington street, January 15, a son.

To the wife of Roy E. Stanton, 340 Guttenberg street, January 14, a son.

Intermediate Girl Scout Troop No. 1 suffered a great disappointment this week when members found they will not be able to join the plant and animal club this year.

However, members still have enough work to keep them active. This week a shipment of dolls was delivered to the troop, and they are now working on same.

Biggest event for some time will be a play, "A Place for Patsy." Each member of the troop will have a part, either acting or directing.

The date of the play has not been announced yet, but it is planned for the very near future.

Girl Scout Troop Plans Play Soon

Best Wishes FOR SUCCESS TO THE GRADUATES

SEVENTY-SIX CAP AND GOWNED STUDENTS FROM DALY CITY

Last Elementary School Mid-Term Commencement

When 45 elementary school students walk up the aisle of the Jefferson High school auditorium at 8 p.m. Friday, January 27, they will be making history.

Their class is the last in Daly City to be graduated in mid-term. Recently, the school district abolished middle of the year promotions for the one ceremony in June.

Determined to make this the best commencement service ever are both the pupils and officials of the Jefferson elementary school district.

Included in the program are several fine musical selections and two speeches by members of the graduating class.

Shirley Raser, a graduate of Jefferson, will deliver the welcome address, while Alice Reardon, from Woodrow Wilson, will speak on "Building for America."

Theme of the varied program is keyed to bring out the features of: "Democracy, Everybody's Job."

Among the musical solos will be a song sung by Patsy Bryant, Woodrow Wilson; a violin solo by Marcia Golden, Crocker, and another vocal selection by Ray Richardson, Crocker. Heather Bridges, Crocker, will deliver the prologue: "The House I Live In."

There also will be choral selections from the various, and combined, school choirs.

Those graduating include 21 from Crocker, 15 from Jefferson, and nine from Woodrow.

Following is the complete program and the names of the graduates.

Overture, Jefferson School District orchestra.

JEFFERSON HIGH GRADUATES TO RECEIVE DIPLOMAS AT COMMENCEMENT

Here are the 30 Jefferson High graduates who will leave the alma mater Thursday night, January 26. Top row, left to right: Gloria Alexion, Steve Ward, Joan Sino, Jack Smith, Jeannette Garibaldi, Art Lauffen-

burger, Sally Wakelee, Raymond Scocca, Evelyn Davis, Sam Aiello. Center, left to right: George Hill, Donna Bybee, Lou Piccolotti, Doris Varni, Jim Bridges, Darlene McMillen, Edward Cyr, June Devlin, Anthony

Stankus, Nancy Laumond. Bottom, left to right: Dot Cade, Richard Vers, Rose Heffron, Richard Micheletti, Carol Donaldson, Leroy Gonzales, Cleo Behning, Don Greene, Eugene Daneluz and Don Hunter.

(Photo by Keith Cole, Redwood City)

THIRTY-ONE WILL RECEIVE JEFF HIGH DIPLOMAS TONIGHT

To the music of "Echoes From Grand Opera," 31 black and white robed graduates of Jefferson high school will enter the auditorium at 8 o'clock tonight, January 26, to receive their diplomas.

Graduating at mid term will be 14 young ladies, dressed in the traditional white robe and cap, and 17 black robed and capped gentlemen.

Although the staff side is outnumbered by young men, both the salutatorian and valedictorian are women. Dorothy Cade is the salutatorian, while June Devlin will deliver the valedictorian speech.

Other highlights of the commencement program will be the invocation by The Rev. John E. Nicholson, a clarinet quartet, choral selections from the Jeff High chorus, a girl trio, and the Jefferson High orchestra.

Stanford Hannah, district superintendent will present the class.

This will be followed by the conferring of diplomas by Pete Markovich, chairman of the Jefferson High school board of trustees and Mrs. Pearl Jones, board clerk.

Following is the complete program:

Echoes from Grand Opera, Her-

furdth.

"Star-Spangled Banner," played

by Jefferson Union High School or-

chestra, King Stevens, director.

Invocation, Rev. John E. Nichol-

son.

Salutatory, Dorothy Cade.

Clarinet quartet, Beverly Bendi-

nell, Jeanette Costa, Joan DeVore,

Arleen Pool, accompanied by Mary

Alice Coverdale, offering "Whis-

pering Hope," by Hawthorne.

Choral selections by Jefferson

Union High School chorus: (a)

"Bells of St. Mary's," Adams; (b)

"Sleepy Lagoon," Coates; (c)

"Donkey Serenade," Friml; accom-

panied by Norma Urcuyo.

Valedictory, June Devlin.

Girls' trio, Jacquie Berardy,

Nancy McCaffrey, Nancy Pera, of-

fering "Blue Skies," by Berlin, ac-

companied by Norma Urcuyo.

A National Medley, by Herfurth,

Jefferson Union High School or-

chestra.

Presentation of the class, Stan-

ford Hannah, district superintendent.

Conferring of Diplomas, Peter

Markovich, chairman, Mrs. Pearl

Jones, clerk, board of trustees, Je-

fferson Union High School.

Benediction, Rev. James McElli-

gott.

Retiring march of the graduates.

Following are the names of gra-

duates:

Sam Aiello, James Bridges, Ed-

ward Cyr, Eugene Daneluz, Robert

Donahue, Leroy Gonzales, "Don

Greene, George Hill, Donald Hun-

ter, Arthur Lauffenburger, Richard

Micheletti, Louis Piccolotti, Ray-

mond Scocca, Jack Smith, Anthony

Stankus, Richard Vers and Stephen

Ward.

Gloria Alexion, Cleo Behning,

Dona Bybee, Dorothy Cade, Evelyn

Davis, June Devlin, Carol Donald-

son, Jeannette Garibaldi, Rose He-

ffron, Nancy Laumond, Darlene Mc-

Millen, Joan Sino, Doris Varni,

and Sally Wakelee.

Bruni, George Erickson, Henry

Shrunk and Robert and John Pfe-

fer.

Carter and Tom Callan also were

present.

Election for the new student body officers were held last week. A run-off election was needed for three offices. The results were as follows: student body president, Jess Martinez; vice - president, Laura Chessman; secretary, Louise Chessman; treasurer, Wanda Sadler; sergeant-at-arms, Les Nicolini; Judge, Lee Weeks, and head yell leader, Frank Garcia.

Dot Cade—Athlete of the Year

Dot Cade was chosen girl athlete of the year out of this January graduating class. Dot went out for swimming, tennis, and basketball in G.P.A.L. and for this reason she got the award for being athlete of the year.

New Teacher

Miss Harriet Burns, new social studies teacher who is graduating this month from the University of California, will teach the new low freshmen.

All-High Play

The light comedy, "Seven Sisters," will be presented next month, February 23, in the school auditorium. The play has just been cast, and rehearsals are already underway. The cast includes, not the dramatics class, but freshmen, sophomores, juniors, and seniors who were interested enough to come out for it.

The question of the week at Jefferson is — "What is the D.C.D.?" All we know is we're going to be enlightened on the 6th of February.

GRADUATING CLASS FROM JEFFERSON ELEMENTARY

Students graduating this Friday from Jefferson Elementary School include: top row, left to right: Charles Lewis, Shirley Raser, Donald Bocci, Jack Wright, Laura Ramacciotti, Charles Maynard, Shirley Ledrick and Richard McDonald. Lower row, left to right: Carol Albin, Beverly Shields, Marilyn Toole, Eleanor Demattei, Diane Troche, Violet Graves, Shirley Callan, Lois Davidson was absent.

CROCKER SCHOOL MID-TERM GRADUATES

These are the young men and women who go, this week, from Crocker elementary school to high school. They are, left to right, top row: Ellis Pizzi, Lois Rasmussen, Elaine Martinez, Bill Butler, Anthony N. Ray Richardson, Joan Warren, Frances Murphy and Marcia Golden. Middle row, left to right: Joan Kilton, Gloria Espinoza, Carrol Bate, Heather Bridges, Patsy Coffee, Virginia Chan, and Marguerite Constantine. Lower row, left to right: Bruce Selmi, Alfred Perry, Jack Phillips, and Martin Verece, James Snell, superintendent of the Jefferson elementary district, is the smiling gentleman on the left.

Choir solos — speaking order: Victor Irons (W), Shirley Callan (J), Elaine Martinez (C).

Choral selection, Glee Club, "Lord's Prayer," by Albert Hay Malotte. Solo: Ray Richardson (C). Prologue: "The House I Live In," Heather Bridges (C).

Choral selection, graduates, "The House I Live In," by Earl Robinson. Violin solo, Marcia Golden (C). "Estrellita," by M. A. Ponce. Accompanist, Carrol Bate (C).

Building for America, Alice Reardon (W).

Choral selection, graduates, "Going, Going, Gone," by Mary Helen Brown.

Presentation of Diplomas, James L. Snell, superintendent of schools.

Choral selection, graduates, "Auf Wiedersehn," by Sigmund Romberg. Solo: Laura Ramacciotti (J).

Final, Jefferson School District orchestra.

The graduating will be: CROCKER: Carrol Bate, Heather Bridges, Bill F. Butler, Virginia Chan, Patricia L. Coffee, Marguerite A. Constantine, Gloria A. Espinoza, Marcia Golden, Joan Kilton, Elaine Martinez, Frances M. Murphy, Anthony J. N. Alfred M. Perry, Jack Phillips, Ellis Francis Pizzi, Lois E. Rasmussen, Ray Richardson, Bruce Pihl Selmi, Martin C. Verece, Joan H. Warren.

JEFFERSON: Carol Albin, Donald R. Bocci, Shirley Louise Callan, Lois Theresa Davidson, Evelyn Marie Demattei, Violet Virginia Graves, Shirley Jean Ledrick, Charles A. Lewis, Charles T. Maynard, Richard McDonald, Laura Joan Ramacciotti, Shirley Rae Raser, Beverly Frances Shields, Marilyn Joan Toole, Diane H. Troche, Jack W. Wright.

WOODROW WILSON: Patricia Bryant, Shirley Cole, Nancy Findlay, Hugo Irons, Joan Jobson, Ardeen Klees, Frank Meechi, Alice Reardon, Jack Thur.

Teachers' Group Meets, Urges More School Moneys

Holding their first business meeting of the year, the Jefferson Classroom Teachers' association met at Thornton school January 19.

Otha Kinsey, president, gave a most interesting report on her experiences at the Asilomar conference of California Teachers' association last fall.

The legislative committee chairman, Edith Krummes, reported on national and state legislation and urged teachers to write to congressmen and ask them to use their influence to secure early action on federal aid legislation, namely S-246.

The chairman also urged teachers to inform their friends and people they know who are interested in education about federal aid so that they may also bring the important problems of education to the attention of legislators.

Elected as council members from the elementary school district to the San Mateo County Teachers' association were Mrs. Margaret Anderson, Mrs. Edith Krummes, Mrs. Hortense Sundman and Miss Mae Varni.

JEFFERSON: Carol Albin, Donald R. Bocci, Shirley Louise Callan, Lois Theresa Davidson, Evelyn Marie Demattei, Violet Virginia Graves, Shirley Jean Ledrick, Charles A. Lewis, Charles T. ROVING AROUND THE COUNTY

Proctor Jones Is Appointed To Young Republican Group

Joe Holt, chairman of the California Young Republicans, this week announced the appointment of Proctor P. Jones of Los Trancos Woods, San Mateo county, to the Young Republican National Federation Study Committee.

Jones was named as a committee member by John Tope, national chairman.

The study committee has been charged with the task of preparing a program of dynamic political action that would appeal particularly to aggressive and progressive voters everywhere.

Holt said that Jones was selected for committee membership because of his active interest in California politics.

Jones, an attorney, has frequently been mentioned as a possible candidate for sheriff of San Mateo county in the June election.

Young Men Must Still Register For The Draft

Col. K. H. Leitch, state director of selective service, warned all San Mateo county boys this week that they still must register for the draft.

This announcement came as San Francisco and San Mateo authorities sought still another method to suppress young thugs.

Only a few days after the Colonel's announcement, some 100 boys registered in San Mateo. There are now approximately 200 unregistered 18-year-olds in the county.

No estimate was made as to how many, if any, have failed to register in Daly City.

Local teen-age boys may register at the draft board in San Mateo. For failing to register there is a maximum penalty of \$10,000, five years imprisonment, or both.

Levin Brothers Agree To Take \$20,000 Cut

A \$20,000 cut on the agreement concerning land for the Alamy-Juniplero Serra cloverleaf was accepted today by Irving and Robert Levin, San Francisco theater owners.

Earlier, a superior court jury awarded the Levin brothers record damages of \$195,000 for land to be used for the highway structure. The brothers had claimed they had planned to put a theater on the land.

Later, Judge Edmund Scott said he would refuse the county a new trial if the Levin brothers would accept a \$20,000 cut for damages. This they did today.

The Ocean Shore railroad, owners of 1.1 acres of land at the site, will receive \$30,000.

Dr. Guardino Wants Facts On Slot Machines

Hot on the trail of alleged slot machines in San Mateo county today is the county grand jury's law enforcement committee.

Dr. S. J. Guardino, committee chairman, said his committee was making a full inquiry into activities of Al Gianotti, head of the "J. & A. Sales company."

This followed a previous announcement by Dr. Guardino that his group would follow through on a report by columnist Drew Pearson that the Menlo Park dealer was being investigated for alleged income tax evasion on juke-boxes, shuffleboards, pin ball machines and other amusements.

Dr. Guardino said the committee would first examine state laws governing slot machines and then confer with Sheriff James J. McGrath to determine what steps can be taken to suppress the machines.

The committee will meet again this week end to discuss the slot machine question.

Other Counties May Give San Mateo County Highway Money

San Mateo county may soon get additional state money for enlarging present highways.

This was the conclusion of a special hearing last week of the state assembly interim committee on highways. It was disclosed at the meeting that under the Collier-Burns highway act, funds may be diverted from other counties where highway needs are less urgent to counties badly in need of highway improvements.

It is hoped these funds may be made available for obtaining an overpass at Third avenue in San Mateo, and temporary measures pending completion of the freeway through San Mateo.

County Census Begins April 1; Jobs Open

Census takers will begin counting noses in San Mateo county April 1, it was announced this week.

Under the direction of eight crew leaders, 155 persons will conduct the census. It is expected their work will take from three to four weeks.

Persons desiring employment at this work are asked to make application to Paul S. Bean, district supervisor of census, general delivery San Jose.

Crew leaders and other employees will all have to attend a school of instruction and pass an examination as to their fitness for the job.

Final tabulations of the census will be done in Washington, D. C., and official figures will not be out until December 1, 1950.

LONG-WEARING HEEL—On behalf of the feminine "villains" of the movies Andrea King presents movie meanie Dan Duryea with a gold-plated heel to symbolize his selection as the "Hollywood Heel of the Year." The award concerns his film roles only.

Battle Looms Over Macco Dirt Pit

Everything was primed for a first class battle this week, as Millbrae residents waited for a San Francisco construction firm to try and start digging.

Wednesday, San Francisco awarded the Morrison-Knudsen company a contract to make \$2,595,053 worth of improvements at the San Francisco airport.

The company needs dirt from the Macco pit to level out the field. People in the homes around the pit complain that last year when the same company did some work, and dug out 425,000 cubic yards of earth, they raised enough dust for a Texas storm.

Now the company proposes to dig out 925,000 cubic yards, and the people in the area are just waiting for the company to make application for permission to haul. Then, a spokesman said, they will demand some assurance from the company that the dirt will be removed without unduly disturbing homes in the area.

Paul Green Elected To Red Cross Board

Taking on still another role in public life, Mayor Paul Green this week was elected to the San Mateo county chapter, American Red Cross, board of directors.

The election took place in Burlingame Tuesday.

Following the election, the organization voted to support the visiting nurses association with funds to guarantee nurse service wherever it is needed throughout the county.

A Savings Program For Democrats Only

We're not sure, but we think Harold Martin, co-owner of the Spring Valley Market, 198 Los Banos, is a Democrat.

Tuesday afternoon Martin dropped into the Daly City branch of Bank of America with a sack full of dimes. He threw the sack on the counter and asked for an accurate count.

Some minutes later, the patient bank clerk informed him he was \$2,000 richer.

As Martin deposited the sum, he informed the clerk he'd been collecting the shiny silver pieces for over three years. What started out as a hobby, turned into a savings plan.

However, we don't think the Republican faction around Daly City soon will adopt Martin's method of putting away money for a rainy day.

Every one of the dimes, and there were 20,000 of them, portrayed the late President Roosevelt.

San Carlos To Sue For Flood Damage

Asking for \$5,000 damages, the city of San Carlos this week filed suit and an injunction as a result of flooded city streets during the recent storms.

The action is against Thomas and Hazel Valero and John Doe defendants. It was filed by City Attorney Carl Anderson.

The Valeros own 308 acres of property southwest of the city, and have been assertedly filling the Pulgas creek during building operations. During the storm, waters swept out the fill material and blocked culverts, Anderson said. With the culverts blocked, waters ran over the San Carlos street.

Ordinance No. 304

AN ORDINANCE AMENDING SECTION 1.29 OF ORDINANCE NO. 252 AND REPEALING ORDINANCE NO. 275

The City Council of the City of Daly City do ordain as follows: Section 1. Ordinance No. 275 of the City of Daly City entitled "An Ordinance Amending Section 1.29 of Ordinance No. 252 of the City of Daly City" is hereby repealed in toto.

Section 2. The provisions of section 1.29 of Ordinance No. 252 are hereby amended by deleting therefrom the whole of said section and adding thereto a new section, to read as follows:

"Section 1.29. For issuing permit \$ 1.00
Add for each of first 10 fixtures (including floor drains) 1.00
Add for each additional fixture .25
Add for each house sewer to lateral (Inspection fee) 2.00
Add for each house sewer to main sewer (Inspection fee) 10.00
Add for septic tank installation 1.00
Add for Owner's Permit 2.00
See Gas Code for House Gas Piping and Appliance Fees."

Section 3. The City Clerk is hereby instructed to cause this ordinance to be published once in the Daly City Record, a newspaper of general circulation printed and published in the City of Daly City, and hereby designated for that purpose.

Introduced this 9th day of January, 1950.

Passed and adopted as an Ordinance of the City of Daly City this 23rd day of January, 1950, by the following vote, to-wit: AYES, and in favor thereof, Councilmen: Bertetta, Gaggero, Battye, Mooney, Green. NOES, Councilmen: None. ABSENT, Councilmen: None. B. C. ROSS

Clerk of the City of Daly City APPROVED: J. P. GREEN Mayor of the City of Daly City (Pub. Jan. 26, 1950.)

Letter To The Editor

Dear Sirs:

Thanks to the Fellman Roofing Co., 110 Bismark, the members of the Daly City Fire Department, Co. No. 6, were able to have one of the best displays at their fire house for the Christmas season.

We, the members of the company, wish to thank Mr. Fellman, of the Fellman Roofing Co., for his kindness in donating the material which helped Co. 6 have one of the best displays in the district.

Sincerely,

SYLVIO BOLLENTINI Secretary, Co. No. 6

SHOCK ABSORBERS

Proper operation of your car's shock absorbers is essential to road performance, warns the California State Automobile Association. Uneven bouncing is one of the first signs of defective shock absorbers. The condition, unless corrected, will affect steering as well as braking efficiency.

NOTICE INVITING SEALED PROPOSALS IMPROVEMENT PROJECT NO. 1949-1

CONCORDIA LAND COMPANY AND ADJACENT TERRITORY Pursuant to the Municipal Improvement Act of 1913, as amended and the Resolution of Intention under Ordinance No. 1949-1 adopted thereunder on January 9, 1950, by the City Council of Daly City, California, and a resolution directing this Notice adopted on January 23, 1950, said Council hereby invites sealed proposals for the improvement of streets in Concordia Land Company and Adjacent Territory in said City.

All of said work is to be done at the places and in the particular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades and at the elevations as shown and delineated upon the plans, profiles and specifications made therefor and preliminarily approved by said City Council on January 9, 1950, and on file in the office of the City Clerk of said City pursuant to said Resolution of Intention, which resolution is on file in the office of said City Clerk, and to which reference is hereby expressly made for a more particular description of the work to be done and for further particulars.

Payments will be made in cash by said City to the contractor on itemized estimates duly certified and approved by the Engineer of Work and said City Council, based on labor and materials incorporated into said work during the preceding month by the contractor, but said City shall retain ten per cent (10%) of the amount of each such estimate, and the accumulation of said amounts so retained from said progressive payments shall be paid to said contractor thirty-five (35) days after the completion and acceptance of said work by said Engineer of Work and said City Council.

Notice is hereby given that on January 9, 1950 this City Council adopted a resolution determining the general prevailing rate of per diem wage to be paid to the various craftsmen and laborers required to construct said improvements in and for said City, a copy of which wage scale is contained in and made a part of the specifications for said work, to which reference is hereby made for full details thereof.

All proposals shall be accompanied by a certified check payable to the order of the City Clerk of said City, amounting to ten per cent (10%) of the proposal, or by a bond in said amount and payable to said City, signed by the bidder and two sureties who shall justify before any officer competent to administer an oath in double said amount, and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said City in case the bidder depositing the same does not within fifteen (15) days after written notice that the contract has been awarded to him, enter into a contract with the City, the faithful performance of which shall be secured by an undertaking in the amount of 50% of the amount so bid, with sureties satisfactory to said Board, and which shall be accompanied by a labor and material bond in a sum equal to 50% of the amount of said proposal, under the provisions of the Labor and Materialmen's Act of 1919.

Copies of plans and specifications and proposal sheets may be obtained from the office of Edwin H. Smith, Engineer of Work, Bay and Chestnut Streets, Redwood City, California. A deposit of \$10.00 per set of plans and specifications is required as a guarantee that they will be returned to him in good condition not later than forty-eight (48) hours after proposals have been publicly opened.

Said sealed proposals shall be delivered to the City Clerk of said City of Daly City on or before eight o'clock P. M. of the 14th day of February, 1950, said time being at least ten (10) days from the time of the first publication of this notice. Proposals will be publicly opened, examined and declared on said day and hour.

Dated: January 23, 1950. B. C. ROSS City Clerk of the City of Daly City (Pub. Jan. 26, 1950.)

Ocean View Congl. Church Announces Topic

The sermon at the Ocean View Congregational Church this Sunday will be "Toward the Rising Sun."

Services begin at the church, 146 Broad street, San Francisco, at 11 a.m. The Rev. Joseph Bennett will deliver the sermon.

There are also Sunday school classes at the church beginning at 9:45 a.m.

A nursery for the younger children is open during the regular Sunday sermon.

Ordinance No. 305

PROHIBITING THE SALE, EXCHANGE OR POSSESSION OF SLING SHOTS OR AIR GUNS BY MINORS AND PROVIDING FOR POSTING OF NOTICES

The City Council of the City of Daly City does ordain as follows:

SECTION 1. It shall be unlawful for any person, firm, association or corporation to sell, offer or expose for sale, barter or exchange, any sling shot or air gun or other weapon or instrument by which missiles may be projected by the force of air to any minor.

SECTION 2. It shall be unlawful for any minor to buy, have in his possession or use any sling shot or air gun or other weapon or instrument by which missiles may be projected by the force of air.

SECTION 3. Any person, firm, association or corporation engaging in the business of selling or offering for sale, barter or exchange any sling shot or air gun or other weapon or instrument by which missiles may be projected by the force of air shall conspicuously post in his premises a notice that such weapons or instruments will not be sold to minors and are not to be used by minors.

SECTION 4. Any person, firm, association or corporation violating the provisions of this ordinance shall be declared guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine not exceeding \$500.00 or by imprisonment not more than six (6) months or by both such fine and imprisonment.

SECTION 5. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

SECTION 6. This ordinance shall be in force and take effect thirty days from and after its passage, and approval and the publication once thereof in the Daly City Record, a weekly newspaper of general circulation, printed, published and circulated in the City of Daly City.

Introduced this 9th day of January, 1950. Passed and adopted as an ordinance of the City of Daly City the 23rd day of January, 1950, by the following vote:

AYES, and in favor thereof, Councilmen: Bertetta, Gaggero, Battye, Mooney, Green. NOES, Councilmen: None. ABSENT, Councilmen: None. J. P. GREEN

Mayor of the City of Daly City ATTEST: B. C. ROSS City Clerk of the City of Daly City (Pub. Jan. 26, 1950.)

DALYCITY-COLMA

Guest speaker at the regular meeting of the Daly City Lions Club Wednesday was Charles Reali, assistant vice-president of the General Steamship Co.

He was the honored guest of Hal Willis, Lions Club member.

Reali spoke at length on the great drop in coast shipping. He asserted that while the population of the West has shot up 45 per cent over the past few years, shipping has dropped 30 per cent.

Strikes are the principal cause for the loss in shipping, Reali asserted.

He said that during the past 15 years there have been 16 strikes of major proportions. Each of the tie-ups has resulted in a drop in shipping, and many smaller companies have been forced out of business by the unions.

"It's reached the point where many mid-western and eastern manufacturers would rather send their goods through gulf ports, at a higher cost, than risk sending them here and having them tied up by a strike," Reali said.

Another reason for the drop in shipping has been the dollar vacuum in Europe. Without dollars to buy goods, the Europeans have found themselves ordering less and less from this country.

He asserted that the individual can do much to help western shipping by spreading the "good word."

Flowers To Sunderland And His Department

In a letter written to Mayor Paul Green recently, James Snell, superintendent of the elementary school district, praised the work of Chief of Police W. W. Sunderland and the police department.

Snell thanked Sunderland for his efforts in patrolling and controlling pedestrian crossings throughout the city.

The superintendent stated that the double shift school program had made many demands on the police department to protect school children on their way to and from classes.

He noted that the department's cooperation has been 100 per cent and "very much appreciated."

McMains Will Get Separate Trial

Glenn McMains, who turned state's evidence in the Marty Breslauer killing here, September 28, will have a separate trial.

Superior Court Judge Cotton approved the separate trial motion made by McMains' attorney, Gerard Wagstaffe. McMains' case was continued to February 1 to set the trial date.

He is expected to testify against Roy Teller and John Ruano in the murder case to come before Judge Murray Draper February 14. Ruano and Teller have been indicted for the holdup slaying of Breslauer.

Meanwhile, the fourth defendant in the murder indictment, Cecil C. Alves, is still a fugitive.

about western goods and advantages.

"When you make a trip east, let them know what we have out here," Riani observed.

Indians Tounce Half Moon Bay, 28-19; Take On Palo Alto Friday Evening

By Milton Tromborg

With the Friday Half Moon Bay game all tied up at half time, 10-10, the Jeff varsity came roaring back in the second half to register 18 points and win their first P.A.L. game of the year.

Both ball clubs put up a fine defense, while Jeff stood out on offense. Most of the game was tied up, until the Indians hit a scoring spree and went ahead to win in the last quarter.

The Indians controlled the backboards on defense, while Half Moon Bay took over on offense. The game turned out to be a rough, hard fought game, with each team giving in with 12 personal fouls.

Forward Harold Mosman went on a scoring spree and racked up a total of 13 points. Mosman not only made his percentage of the shots, but he played a wonderful floor game.

Les Nicolini failed to make any field goals, but made two free throws. On the other hand, he played a very good game on rebounding and ball handling, which in the long run was the main factor in the win.

Tonight (Friday) the Jefferson Indians will travel to Palo Alto for their first league game away. This game will be a toss up.

Palo Alto will be gunning for their first league win, for they have gone down in defeat three times already. If the Indians put up a good defense and make a good percentage of their shots, they will come home with their second P.A.L. win.

JEFFERSON 30s DUMPED

The Half Moon Bay 30s went home with a victory over the Jeff 30s by the score of 28-14.

Jeff has many good players on the team, but everything seemed to go wrong. This bad luck behind them, they went down in their second defeat of the season.

Dick Firth of the Indians was high point man with 6, followed by Al Williams with 5. Ed Galindo played the best floor game of the night but did not make any points.

The Jefferson 30s now hold a record of two defeats and no wins in P.A.L. play.

Lodi Man Dies In Local Hospital

Under treatment by a San Francisco doctor, a Lodi man died a few minutes after he was taken to Junipero Serra hospital Wednesday from the Mission Auto Court.

Dead is Sam Passonisi, 52, Rt. 4, Box 210, Lodi. He had been ill for some time, and cancer was given as the cause of death, authorities report.

He became ill early Wednesday morning while staying at the court, and was rushed to the local hospital in the police ambulance. He died shortly after arrival.

Funeral services are pending at the W. C. Lasswell company.

INDIANS INHABIT OLD VILLAGES

Many of the Indians in the New Mexico area are reported by the National Automobile Club to be still living in the villages that their ancestors lived in when the first white explorers arrived there over four hundred years ago.

STRICTLY FRESH

THIRTY million Americans will hit the road this summer, travel survey finds. And the other hundred and twenty million will be out to take them.

June Dairy Month might be a good time to think about freshening up the milk of human kindness.

A foot in the door means money in the pocket for door-to-door

salesmen, says a business item. But be careful of those ank'les, boys.

Electricity in the human body may control men's thoughts and emotions, suggests a scientist-businessman. Which could explain why so many people are all the time blowing a fuse.

Psychologists spot child geniuses using a new kind of examination. Now if they can just figure out some way to cope with them.

Before refrigeration was generally in use, meat was packed or salted down in barrels.

LIQUORS EDGE OUT COLMA TEAM

D. C. Sportswomen Mark First Year; Install Officers

Celebrating their first year as an organized group, the Daly City Sportswomen installed newly elected officers at an impressive installation dinner Tuesday, January 17.

Frances Nensiel, outgoing president, handed over her gavel to Betty White, the group's newly elected leader.

Other new officers include: Audrey Poff, replacing Vi Prigmore as secretary-treasurer; Mary Shalkowski, replacing Mary Sullivan as vice-president.

Mrs. James Van Dyn acted as installing officer.

Some 30 members and guests enjoyed the dinner and program. Jimmy Fox and Al Spears acted as masters of ceremony for the affair.

The club's colors of yellow and blue were featured in the table decor and favors.

Special guests at the ceremony were Mr. and Mrs. James Van Dyn and Mr. and Mrs. H. S. Garrison.

Starting their official duties immediately, President Betty White and Secretary Audrey Poff spent the following week end in Santa Cruz at the annual convention of Associated Sportsmen and Sportswomen of California. They will give their report of the convention at the next regular meeting of the group, to be held the third Wednesday in February.

During the next five minutes, the game went pretty well the same, with both teams taking the lead at one time or another.

At the start of the last two minutes, the score stood 28-28. Union Liquors, not taking any chances, went into a tight man-to-man defense. This proved quite effective, for it held the boys club from scoring more than one basket.

The Liquors scored two baskets and held the final lead of 32-30. Being satisfied with a win over the Colma lads by 2 points, the Liquors put the ball into free, and won the ball game.

Neville Motors Hands Daly City Sixth Defeat

Neville Motors had a hard time in doing it, but they edged out a weak but determined Daly City five, 30-28, in the second game Tuesday night.

Daly City played a very good defensive and offensive ball game.

Daly City will still find it hard to win a game in the league because they have to play Veteran's Inn in their next outing. Neville Motors will play Union Liquors in their next game.

Consolidated Scores Two Records

Consolidated Schools went all out to win and at the same time break two league records. The first

Whiskey Quintet Take Six Straight; Almost Sure Night League Champions

Bowing before the Union Liquors squad by the close score of 32 to 30 Tuesday night, the Colma Boys Club once again lost a chance at the Jefferson Night League basketball championship.

Last year, the lads from down under lost another champion's pennant by just such a close score.

With this defeat, the Colma team now stands with four won and two lost. The Liquors are almost certain to take the final laurels as they have won six straight games.

Next week the Colma boys will meet Tromborg Plumbers and Union Liquors takes on Neville Motors. And as both Liquors and Colma are almost certain to win, the Liquors have all but cinched the championship.

Of course, it is possible, there might be an upset. In that case the title still might be in doubt.

Colma played a tight ball game and were never able to take the lead in the first half. The score at half time stood Liquors 20, and Colma 13.

From the outlook of the first half, the Liquors were seen to have everything in their favor, including the control of the backboards. Colma missed a good percentage of their shots at the basket.

At the start of the second half, the game started to change hands. Colma, known for its speed and ability to hit the hoop, came back into the ball game by taking the lead of 23-22.

During the next five minutes, the game went pretty well the same, with both teams taking the lead at one time or another.

At the start of the last two minutes, the score stood 28-28. Union Liquors, not taking any chances, went into a tight man-to-man defense. This proved quite effective, for it held the boys club from scoring more than one basket.

The Liquors scored two baskets and held the final lead of 32-30. Being satisfied with a win over the Colma lads by 2 points, the Liquors put the ball into free, and won the ball game.

SPORTSMEN'S CALENDAR

The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

CATFISH — No closed season. Bag and possession limit: 15 pounds and one fish in the aggregate. Minimum size limit: 9 inches in Clear Lake; 10 inches in District 22; none elsewhere. Night fishing permitted in District 22, Siskiyou, Shasta, and Modoc counties.

STEELHEAD TROUT — Open in specified waters of northern and central California counties. See abstract of angling regulations.

BLACK BASS — Bag limit: Five fish. No size limit. **STRIPED BASS** — No closed season. Bag limit: five fish or 25 pounds and one fish, or two fish regardless of weight. Minimum size limit: 12 inches.

OCEAN FISH — No closed season except for grunion and salmon, now open. Bag limits: 50 scallops, 15 rockfish, 2 marlin, 2 black sea bass, 2 broadbill swordfish, 3 salmon, 10 tuna, croaker, skipjack, albacore, barracuda, yellowtail, white sea bass, bonito, rock bass, kelp bass, corbina, halibut, ling cod and cabezone. No limit other species, except salmon, now closed.

CLAMS — Ends April 30 in Humboldt and Monterey bay areas. No closed season elsewhere. Bag limits: 30 razor; 10 big neck; 10 Pismo; 15 Washington in Districts 2 and 10; 15 Washington and big neck combined, but not more than 10 big neck in Marin county. No limit on jack knife clams.

CRABS — Ends July 31. Bag limit: 15 in Eel River, Humboldt and Trinidad Bays; none elsewhere. Size limit: no males under seven inches. No females may be taken.

LOBSTERS — Ends March 15. No bag limit. Size limit: none under 10 1/2 inches.

record to be broken was the final score in which the Consolidated won over Neville Motors, 71-52.

This is the highest score to be run up in the league and it should stand for a long time. Jack Dederman broke the scoring record in the league by scoring a high 27 points.

Jim Silacci also took high scoring honors with 21 points. In the second game, the V. V. Merchants overpowered a weak Daly City five by the final score of 44-24.

Here is the schedule of the rest of the games to be played in the league: January 26, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

January 31, Union Liquors vs. Neville Motors and Tromborg Plumbers vs. Colma Boys Club.

February 2, Consolidated vs. V. V. Merchants and Daly City vs. Veteran's Inn.

February 9, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

February 16, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

February 23, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

February 30, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

March 6, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

March 13, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

March 20, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

March 27, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

April 3, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

April 10, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

April 17, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

April 24, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

May 1, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

May 8, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

May 15, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

May 22, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

May 29, Consolidated vs. Veteran's Inn and Tromborg Plumbers vs. V. V. Merchants.

Junior Basketball League Sees Jeff, OLPH Score Wins

By Earle Johnson

The "A" division of the Daly City Junior Basketball League got off to a fast start Friday night, January 20, at the high school gymnasium.

The boys from OLPH and Jefferson found the basket easily and made a very high percentage of their shots good.

On Court One, Jefferson defeated Crocker 18-6 and on Court Two Perpetual Help defeated Woodrow Wilson 24-16.

High scores for Jefferson were Gerrity, Geerston and Youtsey, with four points each. Ciardella and McDonald scored two points each to make the eighteen points. Plunket was high man for Crocker with four points and Butler scored two points to make up their six points.

In the OLPH - Woodrow Wilson game, the shooting of Robinson with nine points, Madden with seven, Rosa and Dreyfus each with four points, proved too much for the boys from Woodrow Wilson. Irons and Thur each scored 8 points for the losers to give them their 16 points.

Wednesday, January 18, the "B" League also got off to a flying start. Jefferson defeated Crocker 24-11. Lagomarsino scored 14 points for the winners with Figone and Sereni getting four each and Guisti scoring two to total 24 points. Lagomarsino was outstanding, making shots from all angles. Costello was high point man for Crocker, making five points with Watson, Lucia and Ziegler each scoring two points for their teams; 11 points.

In the other "B" game, Woodrow Wilson edged out Perpetual Help 5-4 in a battle of defensive play. With the mid-year graduation of the grammar schools, it will be necessary to play the next game Wednesday, January 25, instead of the 27th, as previously announced. The results of these games will be posted next week.

Messrs. Fischer, Pagani, Tergis and Smith are to be congratulated for the fine teams they have put on the floor.

Following is the schedule for future "A" and "B" team games:

CLASS A
Friday, February 3, 8:15 p.m. — 1. Jefferson vs. Woodrow. 2. Perpetual vs. Crocker.

Friday, February 10, 8:15 p.m. — 1. Jefferson vs. Crocker. 2. Perpetual vs. Woodrow.

Friday, February 17, 6:15 p.m. — 1. Jefferson vs. Perpetual. 2. Crocker vs. Woodrow.

Friday, February 24, 8:15 p.m. — 1. Jefferson vs. Woodrow. 2. Perpetual vs. Crocker.

CLASS B
Friday, February 3, 7:15 p.m. — 1. Jefferson vs. Woodrow. Perpetual vs. Crocker.

Friday, February 10, 7:15 p.m. — 1. Jefferson vs. Crocker. 2. Perpetual vs. Woodrow.

Wednesday, February 15, 7:15 p.m. — 1. Jefferson vs. Perpetual. 1. 8:15 p.m. Crocker vs. Woodrow.

Friday, February 24, 7:15 p.m. — 1. Jefferson vs. Woodrow. 2. Perpetual vs. Crocker.

All games in high school gym.

PREDATORY ANIMALS — No closed season. No license required for taking of moles, shrews, opossums, gophers, wolves, coyotes, raccoons, weasels, skunks, mountain lions, wildcats.

"Record" Reminiscence

From the "Record" 10 Years Ago
January 24, 1940

Making their entrance to triumphant music, 40 capped and gowned seniors will march into the Jefferson High school auditorium this evening for commencement exercises. Salutatorian will be Robert Christen. Julia Bertini will be valedictorian. Genevieve Price and Ruth Morris, student body head and class president, respectively, will deliver brief speeches.

Daly City has been doing nearly \$1,000 per day in new building during the past two years, the city engineer's office revealed today.

Doposcuola Italiano "Vincenzo Gioberti" of Colma, devoted to teaching the Italian language, held their graduation party at Colombo hall, Saturday evening. Children who won prizes for the school year were: Giulia Bertini, Lorraine Veranza, Guisepina Cipresso, Rosa Casazza and Alfredo Pasero.

Jefferson High school cagers bowed to the San Jose team Friday night by 18-26. Razzari scored 9, Filios 4, Volkman 3, Domecus 2.

From the "Record" 20 Years Ago
January 24, 1920

Daly City in all probability will become one of the leading amateur baseball centers during the coming season. Two local nines, the Daly City Merchants and the Jefferson All-Stars, appear to be the teams to beat during the spring season.

Miss Rose Kilby, daughter of Mr. and Mrs. E. C. Kilby of Miriam street, was guest of honor last Saturday at a birthday party given in her honor.

Jefferson high school's basketball team traveled to Burlingame Wednesday to receive a pair of troupes, 38-17 and 23-7.

Douglas MacLean and a party of Paramount's best funmakers will be the feature attraction at the Daly City Theatre tomorrow, where they will appear in "Divorce Made Easy," a screamingly funny talking farce on married life.

Mrs. Margaret Fahy and daughter, Miss Elsie of Bellevue avenue, were guests last Sunday of Mrs. Fahy's son, L. J. Fahy, and wife, in their speed boat which Mr. Fahy runs from San Francisco to Oakland on schedule time.

All authorities agree that projects for clearing slums, building new houses, redeveloping run-down neighborhoods, should be part of an orderly plan for the community as a whole, including its outlying regions.

The steel and concrete anchorage of the San Francisco - Oakland Bay Bridge rises 502 feet from the rock floor of the bay.

Why Be Fat?

Reduce Without Dieting

Lose pounds and have a more slender, graceful figure. You simply eat delicious AYDS (aids) Vitamin and Mineral candy before meals as directed. Your appetite is curbed, you eat less and lose weight automatically. The AYDS plan is the safe, easy, modern way to reduce.

GUARANTEE — You too must lose weight with your first box (only \$2.99) or your money back.

McGraw Brothers

Southern Pacific has fine, fast trains going practically everywhere. Steel rails are the safest highway ever built. Now, especially, when wet weather threatens, let the engineer do the driving.

Next time, try the train.

Bay Area Rent Controls To Stay

While visiting San Francisco this week, Tighe Woods, federal housing expediter, had words of interest to both Daly City landlords and renters.

He asserted that if congress extends the rent control law beyond June 30, the law will be enforced in the Bay Area for "at least another year."

The official explained that the present shortage of units in the \$40 to \$60 class made controls necessary. He asserted that while many rental units are being built, the rents are beyond the average middle income family.

\$275,695 Building Permit To Doelger

Building permits for 33 new homes at a total value of \$275,695 were issued Henry Doelger and his Westlake project this week by the city.

Another relatively large permit was issued the Hillside Manor Co. for 12 five-room single family homes for the Abbey Homestead on Bismark and Abbot streets respectively. This permit was valued at \$84,000.

Only other building permit issued this week went to Mr. and Mrs. Tony Carlo. They are going to build a five-room single-family home on East Cavour street. The estimated cost of this job is \$8,540.

Blessing of Christian Gospel Is for Everyone

If we could transport ourselves back through 20 centuries, and see just as it was the world and the environment in which Jesus and His little band of disciples laid the foundations of Christianity and the Christian church, we should understand something of the wonderment of that beginning, and the seeming miracle of how the church took root and grew.

We can hardly conceive how small, in an outward sense, was the beginning, in an environment little larger than the smallest American state, in a country itself almost insignificant in size, among the great and powerful empires of that ancient world.

The marvel and the explanation of the growth of Christianity are seen in the teaching and mission of the Master, and in the faith and vision that He inspired in His disciples. As if He might have been speaking from Rome, the center of world power, instead of from villages insignificant in the eyes of Rome, He announced His mission as worldwide. He commissioned His disciples to go forth and preach the gospel to all the world, even to its very ends, and he assured them that everywhere He would be with them.

But what was even more significant was the fact that this gospel was for every creature—that in a world in which class distinctions were strong, and the great mass of humanity was in some form of slavery or bondage. The universality and power of that gospel, also, soon became manifest. It was not long until there were saints in Caesar's household (Philippians 4:22), and almost from the beginning slaves found a new inward peace and freedom in their outward bondage. Master and slave, rich and poor, Jew and Gentile, all had their place in that fellowship in Christ, where there were no distinctions, but Christ was all and in all (Colossians 3:11).

NEWS FROM THE SCHOOLS

CROCKER

Crocker students, members of the Jefferson school district orchestra, accompanied by the music supervisor, the Crocker and Thornton school principals, and members of the orchestra from other schools in the district, had a unique opportunity on Saturday afternoon.

They were guests at the War Memorial Opera House where they enjoyed a demonstration of the Standard School Broadcast, which many of them listen to as part of their actual classroom work in the school room every Friday morning. To make the program still more applicable to a classroom situation further learning through audio-visual aids as well as steps in planning future activities, which had been motivated by the broadcast demonstrated to students and teachers alike that possibilities apparent in every "listening" of a Standard School Broadcast.

Crocker students who enjoyed an enjoyable and educational Saturday afternoon were Carol Bate, Marcia Golden, Margaret Robertson, Heather Bridges, Gus Sakaladakis, Philip McCowen, Gil Newcomb, Beverly Hamilton, Larry Neuner, Arlene Trapp, Bert McKenna, Dick Hopman, Robert Bridges, Peggy Sorenson, Billy Hunter, Sherwood Rupp, Billy Willers, Bob Pool, and Ralph North. These fortunate students were transported both to and from the opera house on the Jefferson school district bus, driven by Mr. Hunter.

ROOM 3

This week Room 3 is having term examinations in most of its subjects. With the beginning of the second half of the school year students will begin a new unit of social studies — India. In arithmetic, the group is studying percentage.

At this time of the year when Conference slips are being sent out, we in Room 3 can say that all the mothers receiving one, have come to the school and we have been able to plan ways of improving individual student's work. Thanks to these mothers, an improvement is being seen in class work.

ROOM 5

A few of the orchestra children in Room 5 were privileged to go to the Standard School broadcast at the opera house in San Francisco. They reported it was a thrill to remember.

The pupils are studying about the Near East in social studies. Perhaps the most interesting period was one when the desert was discussed. They now realize how hot the desert is during the day and yet how cold it is in the night. Water is something as precious as oil. Towns are small, cities far between, and modes of transportation a combination of the old and the new.

ROOM 4

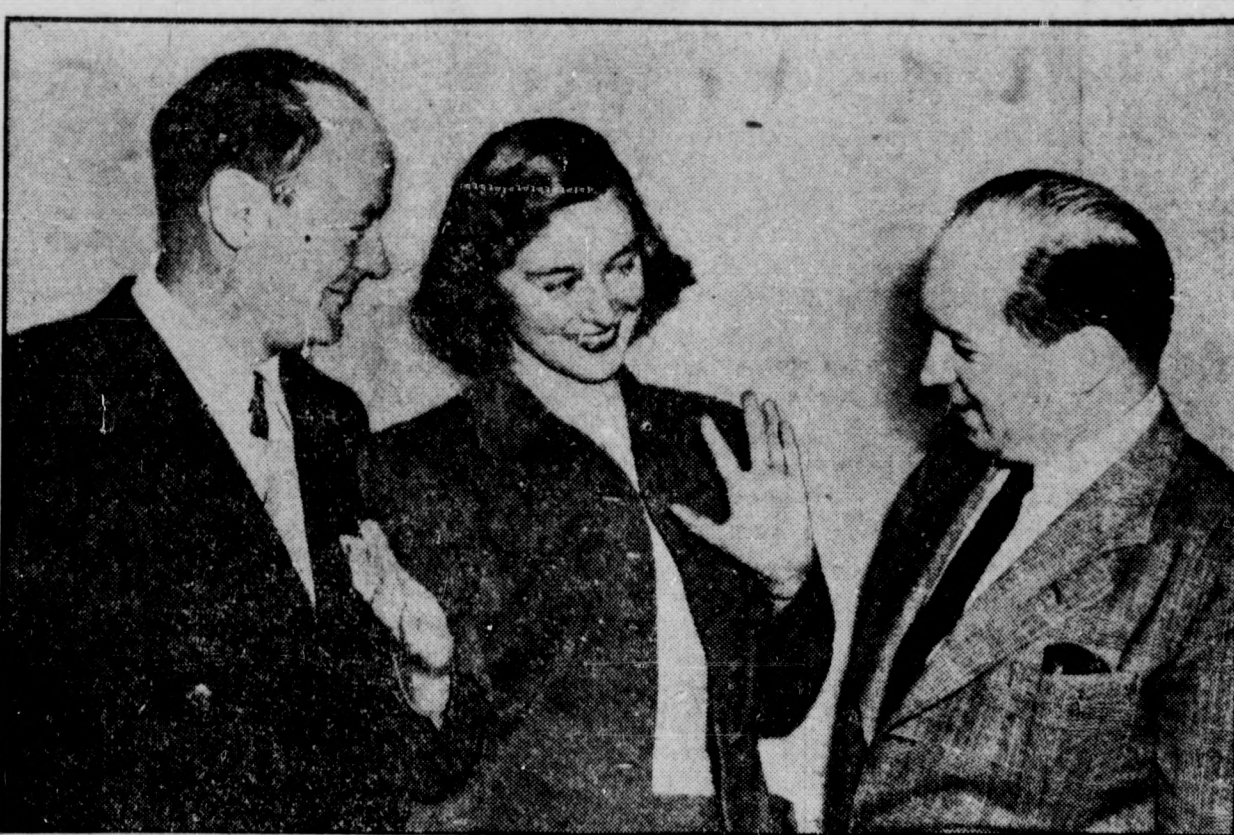

The sixth grade of Room 4 is winding up its unit, "American Neighbors." As a culmination of the unit, the students are making a variety of charts and maps of South America and other regions of Latin America, such as a large map of the West Indies, a chart showing the role of the pampas in Argentine life, a map indicating the dangerous volcano area of Latin America.

The pupils have figured out the population per square mile of many countries and made charts showing their imports and exports.

The students feel that if they took a trip to Latin America, they would really be able to appreciate and understand it a lot more now.

Rooms 1 and 6 were shown a film depicting scenes and government buildings as well as several views of the White House in Washington, D. C., in connection with their unit on the Constitution of the United States.

A very worthwhile film on dental care was shown the children of Crocker School. The picture was instructive, showing in a very graphic way the harm that the wrong foods and lack of care does to teeth, and yet the film was entertaining enough to win the applause of the students who viewed it.

SHIRLEY MAY TELLS HOW SHE FELT—"It seemed only this far away," says Shirley May France, Somerset, Mass., high school girl, in discussing her attempt last summer to swim the English Channel. Shirley plans to appear at the New England Winter Sportsman Show directed by Philip Perkins, right. Shirley's dad, J. Walter France, is at left. Pulled from the water under protest just seven miles from her goal Shirley vowed to swim the Channel in 1950.

Register Now To Vote In City And County Elections

Persons not presently registered and those improperly registered who desire to vote at any of the many elections to be held throughout the county this year, should make an effort to become properly registered as soon as possible, warned County Clerk W. H. Augustus.

There are now scheduled 75 elec-

tions for the year 1950 for the various districts and municipalities including the county-wide direct primary election on June 6 and the general election to be held on November 7.

As registrations close 54 days prior to the date of any given election, it is essential that those persons desiring to vote make certain that they are properly registered now.

February 16 is the closing date for registrations for the city elections which will be held on April 11. Thus only a short time remains in which to register for these elections which will be held in all of

the cities of the county with the exception of the City of San Mateo.

Approximately 160 field registration deputies are located in the various communities of the county for the convenience of those desiring to register.

Registrations will be taken in the offices of all of the city clerks and the names and addresses of other field registration deputies will be furnished upon inquiry to the Election - Registration Department, Courthouse, Redwood City.

Daly City Mother Hangs Herself

Completing a late Monday afternoon washing, Mrs. Miriam Allen, 41, 144 Irvington street, hung herself in the basement of her home near the still wet clothes.

The body of the mother of three children was found shortly after she had placed the rope around her neck and jumped off a small table in the basement.

Ronald Freeman, 14, 144 Irvington street, a friend of Mrs. Allen's son, came through the open basement door looking for the son, William, when he found the body.

Her husband, William W. Allen, a refrigerator company employee of San Francisco, said his wife

had been ill for some time. No note was left by Mrs. Allen, police report.

Police Chief W. W. Sunderland said she had used a length of sash rope to hang herself.

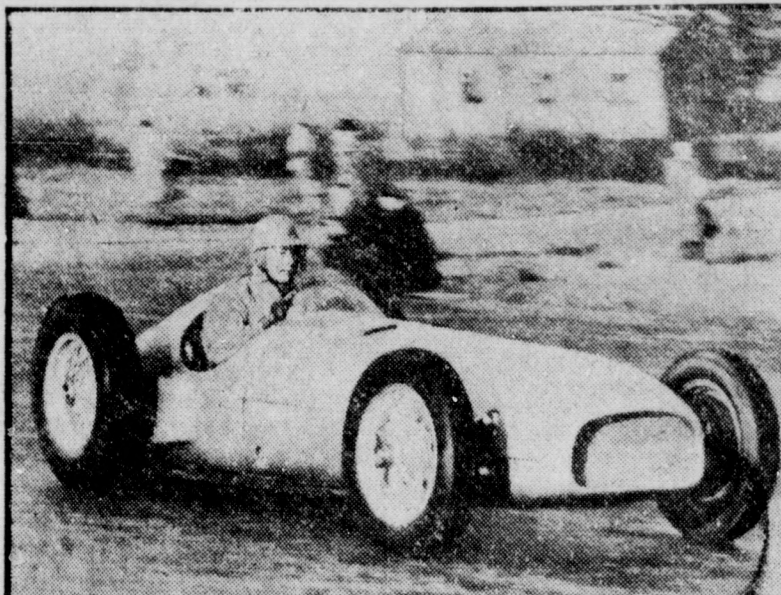

When police arrived at 4:25 p. m. they found two bottles, one partially filled with tablets, on the table.

County Coroner William Crosby reports the cause of death was strangulation.

Chief Sunderland said this was the first death by hanging in Daly City for the past five or six years.

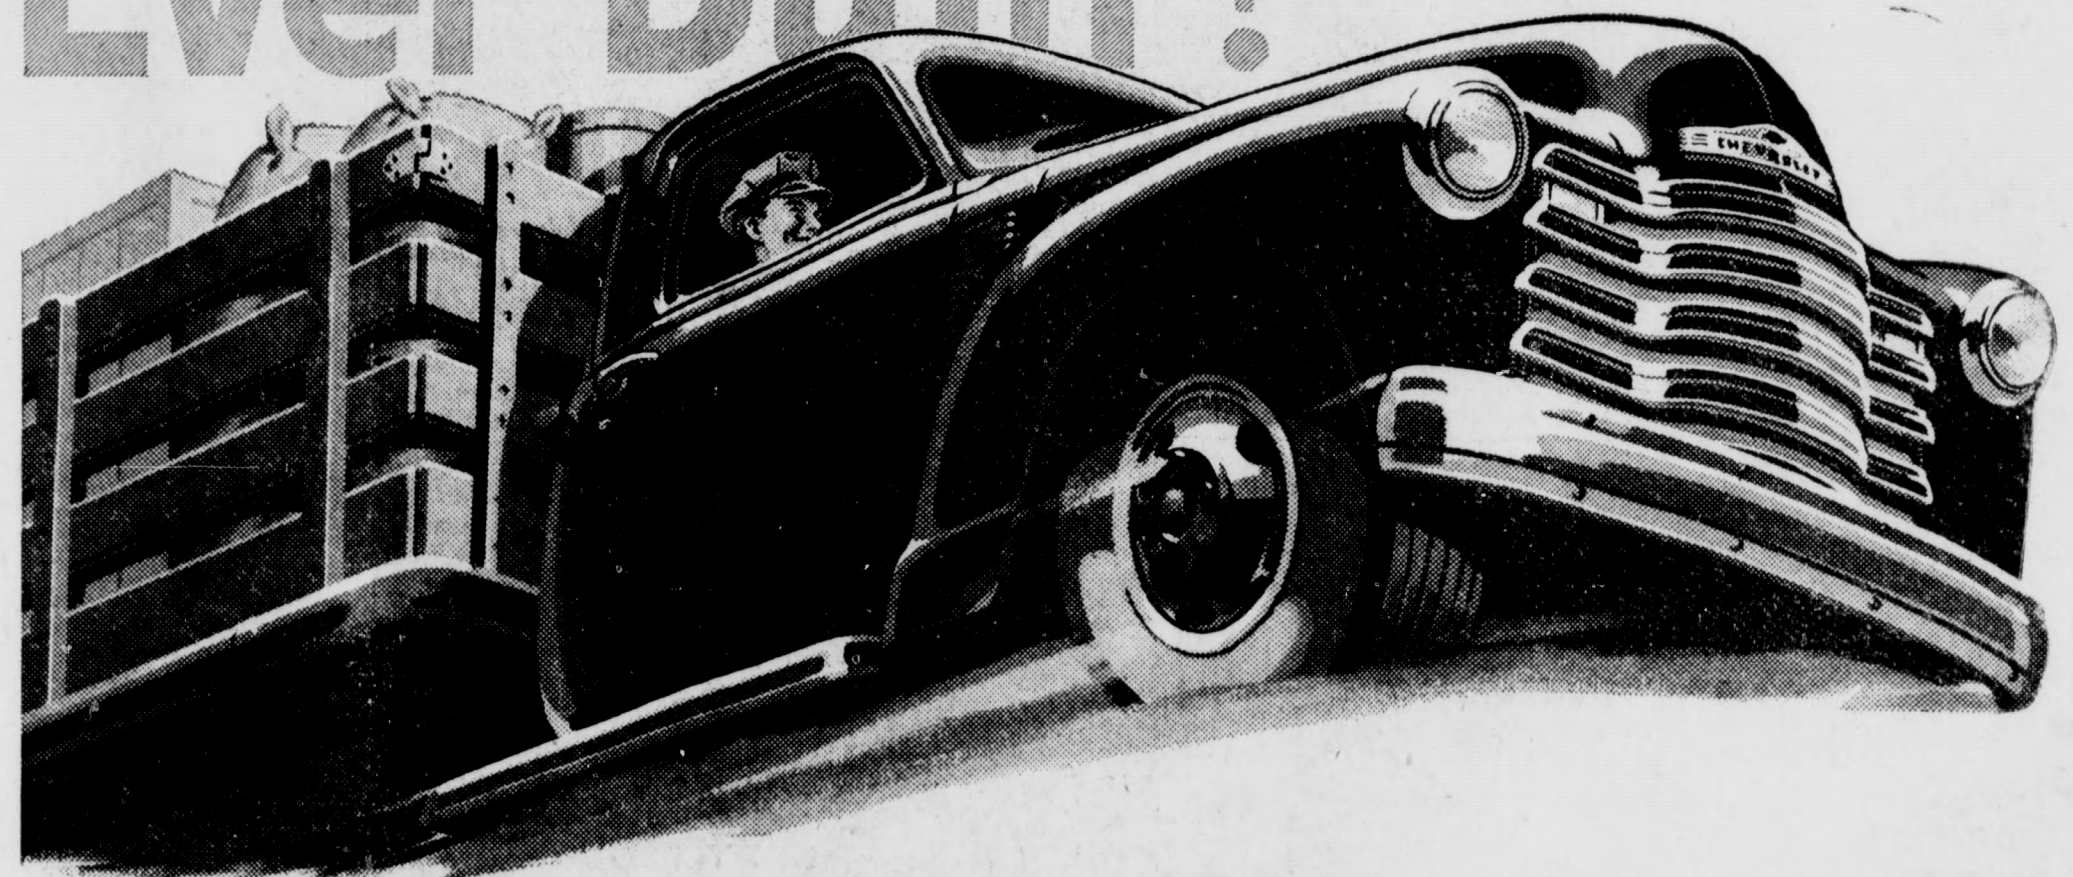

Mrs. Allen, a resident of Daly City for the past 15 years, is survived by her widower, her son, 14, and two daughters, 16 and 19 respectively.

Funeral services are pending at the W. C. Lasswell Mortuary.

BRITISH CHALLENGER—Top-class racing driver Raymond Mays speeds in his British racing motor car during speed trials at Folkingham, England, airfield. The car, made from parts assembled by over a hundred British firms, has been designed to secure world supremacy with an expected speed of 200 miles an hour.

MOST POWERFUL Chevrolet Trucks Ever Built!

Introducing a Great Load-Master "105" Engine

GIRL SCOUT COOKIE DRIVE FEB. 1

Buy Cookies From Local Girls To Assist Them In Their Camping Work

With the slogan "Buy Girl Scout Cookies" their first annual cookie sale will be launched by the Federation of Girl Scout Councils of Northern San Mateo county on February 1.

Funds from the cookie sale are to be used to pay off indebtedness on the equipment in the girls' established camp in the Santa Cruz mountains.

The drive has been approved by the San Mateo and South San Francisco community chests of which the scouts are a red feather.

During the month of February Girl Scouts and Brownies will make an appeal to their friends and neighbors to buy either (or both) plain or cream filled cookies. The cookies were made especially for the scouts by a local manufacturer and bear an imprint of the Girl Scout emblem.

Here is an opportunity for local social or service groups to lend a helping hand to our youth by buying a quantity of the cookies for their clubs. Everyone is urged to

Crocker PTA To Hold Life Membership Whist

A benefit whist will be held by the Crocker PTA at the home of Mrs. Martha Wegner, 399 Crocker avenue, February 3 at 8:30 p.m.

Mrs. Ann Eason is to be chairman for the event, assisted by Mrs. Eve Hobbs and Mrs. Ann Ingersoll.

All whist players are invited to attend.

seek out a neighboring Girl Scout if he or she has not been approached by one during the month. Under the direction of Mrs. Raymond Pabst, town chairman, a local group of neighborhood chairmen has been appointed as follows: Parkview, Mrs. Cecil Saarinen; Broadmoor, Mrs. L. Roller; Peoria, Mrs. Francis Windhurst; coastal strip, Mrs. D. C. Kading. Under these neighborhood chairmen individual troop chairmen will be chosen to direct the 29 troops participating locally in the sale.

Posters announcing the cookie sale will be distributed over town to remind the townspeople to "Come Along With Us" and help to provide better camping for our Girl Scouts by supporting this sale.

Ticklers

By George

"He never goes anywhere—just sticks around."

renewing faulty sidewalk corners is progressing rapidly, with six new corners having been installed during the past week. Within a month it is expected that a total of 30 intersections will be renewed.

These repairs are required as

concrete corners in the hilly portions of Daly City are buckling, and the city is renewing them to make a smooth and safe surface for pedestrians.

Broadmoor, Garden Village, Colma Sport News Wanted

The "Record" wants to write about those games now being played or planned in the BROADMOOR, COLMA, GARDEN VILLAGE districts. If YOU or your friends have any sports news from these areas the "Record" will be glad to print it on this page. Help us make a paper which will get your name, and the name of your favorite team in print. Any sports news, from Daly City, or the aforesaid areas may be mailed to the "Daly City Record," 3317 San Jose avenue, Daly City 25; or may be phoned in by dialing JUNiper 5-3215.

Democrats Choose Arthur Johnson For Congress

Arthur L. Johnson, San Jose attorney and the Democratic candidate that won the primary contest against Jack Z. Anderson in 1944, was selected as the Democratic choice for Congressman at the Eighth District Conference held in San Jose Saturday.

Acclaimed unanimously by more than 200 delegates and guests at the closing session of the conference, Johnson accepted the challenge of office in a speech that is the opening gun in what promises to be one of the hardest-fighting campaigns ever seen in the sprawling Eighth District.

Democratic delegates to the conference gathered Saturday morning to spend the entire day in panel discussions of water and power, agriculture, industry and employment, transportation and safety and closed the conference at 10 a.m. by nominating Johnson as the party candidate.

REPLANT BERLIN BATTLEGROUND—Berlin gardeners plant small trees in the famous Tiergarten which was completely destroyed during the battle for Berlin. In the foreground is a bullet-scarred monument depicting a wild boar hunt, and in the background is a triumphal column.

Friday Police Court Takes \$130

Fines totaling \$130 were meted to five persons in police court Friday.

For pleading guilty to being drunk in and around an automobile, two San Francisco men were each fined \$50. They are: James B. Champion, 4228 22nd street; John Marlow, 147 Brighton street.

Three other men paid fines of \$10 each for drunkenness. They are: Otto Schmolke, 3083 San Jose; Raymond Apodaca, 1515 Innes, San Francisco, and Rudolph Kraus, 127 Station avenue.

SF Park And Tow Law To Remain

The San Francisco Board of Supervisors has voted to retain the controversial tow-away law under which automobiles parked on "no stopping, no parking" streets between 4 and 6 p.m. are subject to removal and storage.

The plan was adopted last year in the city's continuing campaign to unsnarl peak-hour traffic congestion.

Corrective measures already undertaken by the police department to eliminate some of the complaints about the tow away system were described to the Board. These include new and larger signs to replace the small tabs which now warn motorists of tow away zones. A sample sign, about three by two feet, was exhibited.

In addition, an agreement has been reached to eliminate the \$2.50 "hooking on" to an illegally parked vehicle without actually towing it away. In the past, car owners reclaiming their vehicles after the tow chain was in place have been assessed the \$2.50 fee.

Do You Want To Cut Your Federal Taxes?

Slash Government Cost

If your personal or business expenses go up and your income and efficiency come down this year at the same rate as that of the Federal Government, you will be in the hands of the sheriff at an early date.

Workers, farmers, and businessmen from Maine to California know this. The answer is in the Report of the Commission on the Organization of the Executive Branch of the Federal Government. This twelve-man, bi-partisan Commission was unanimously created by Congress with the approval of the President. At the suggestion of Mr. Truman, former President Hoover was made its Chairman and Secretary of State Dean Acheson, Vice Chairman. The late president Franklin D. Roosevelt long had advocated such a reorganization of the government.

There is a two-fold purpose behind the effort to reorganize the Executive Branch of the Government: One—the elimination of inefficiency caused by overlapping and duplication; two—this should lead to a reduction of your taxes. If our Government can save from three to four billion dollars a year by more efficient methods of conducting our business, failure to act is stupid short-sightedness.

Action, however, depends upon the President and Congress. The President has already submitted a number of reorganization recommendations. The Congress has adopted several of these, most important having to do with the housekeeping of the armed forces, which save the taxpayer more than \$500,000,000 a year. But these are only first steps. There will be more ahead if Congress is made to realize Mr. and Mrs. Taxpayer want more tax-saving economies. Congressmen and Senators will vote for just so many of the Commission's recommendations as you, their constituents, demand.

What can you, as an individual, do about it? The answer is to write your Congressman and Senators. Tell them you want the Recommendations of the Commission on the Organization of the Executive Branch of the Federal Government made the law of the land. Join the non-partisan Citizens Committee set up to obtain the necessary action to make the Commission's report work. Write to the Citizens Committee for Reorganization of the Executive Branch of the Government, 421 Chestnut street, Philadelphia 2, Pennsylvania, for more information about the Commission Report. Tell your neighbors about it. Make speeches! Make your representatives in Washington act—now!

SOARS SKYWARD 60 MILES—This U. S. Airforce "Aerobee", upper atmosphere research rocket, attained an altitude of 60 miles above the earth. It is 20 feet long, slightly over a foot in diameter and is powered by a liquid fuel rocket motor, giving it a speed up to 3,000 miles an hour.

MARCH OF DIMES DANCE SATURDAY NIGHT, JAN. 28

The 1950 March of Dimes drive which is currently underway throughout the county, will be aided by a special Dimes dance to be held Saturday night, January 28, in the Masonic Arroyo Hall, San Carlos.

The affair, which is sponsored by the San Mateo County Sigma Phi Sorority, has become an annual event with all proceeds turned over to the county Dimes campaign.

According to Betty Bruce, dance chairman, the members of the sorority are at present endeavoring to sell twice as many tickets as that sold for last year's successful event.

Mrs. Bruce said that the dance has each year gained more and more public support with city and county officials in attendance.

This year's Dimes campaign which has a count ygoal of \$60,000 is under the chairmanship of T. J. Hallinan. Hallinan said that thousands of counter containers have been distributed in the peninsula area by a large corps of volunteer workers.

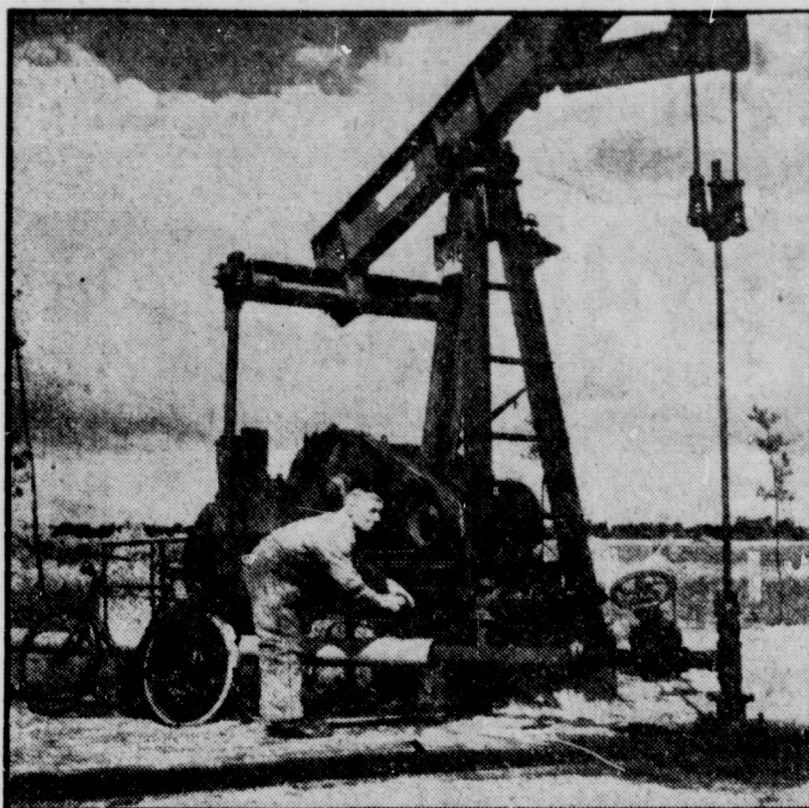

The containers, which are in the form of an "iron lung," are expected to bring in the largest part of the Dimes fund. However, Hallinan pointed out, mail in contributions can be sent to the San Mateo Chamber of Commerce office in the City Hall, San Mateo.

DUTCH RAISE OIL PRODUCTION — Since the end of the German occupation, oilmen in the Schoonebeek Field on the Netherlands-German frontier have raised their production from 40,000 barrels of crude oil a year to a little more than 40,000,000 in 1949, the largest production in Western Europe. Their nodding motion has given these pumping jacks the picturesque name of "jaknikkers" or yes-nodders. Most Schoonebeek wells are pumped.

NEW ZOO TENANTS—R. Marlin Perkins, director of the Lincoln Park Zoo in Chicago, arrives in the Windy City with two new babies for his zoo to exhibit. At left is a one-year-old orang-utang "Ling-Wong" and at right is a chimpanzee named "Heinie II." The two animals are great pals.

PIP Korny Kopy Contest Goes On; Why Not Enter?

Here is the PIP of a limerick sent in by Mimi Clarke, 222 Los Olivos, that won one of the five first prizes in the PIP contest this week:

A maid she would a-courting go,
All dolled up from head to toe;
Sparkling hair, immaculately clean,
It's a PIP of a shampoo crowned this queen.

Easy, isn't it? For her efforts Mrs. Clarke, and four other contestants will win a two-month supply of the new PIP shampoo. They also stand a chance of taking one of the final five prizes of a year's supply of the wonderful hair wash.

There still are three more weeks left in the PIP "Korny Kopy" limerick contest. During that time YOU may enter a limerick, and stand a very good chance of winning the 20 prizes that are left.

Merely write your verse of four or five lines, along the order of this week's winning limerick, and send it to the Daly City Record (co-sponsors of the contest) at 3317 San Jose avenue. An impartial panel of judges will choose the winners.

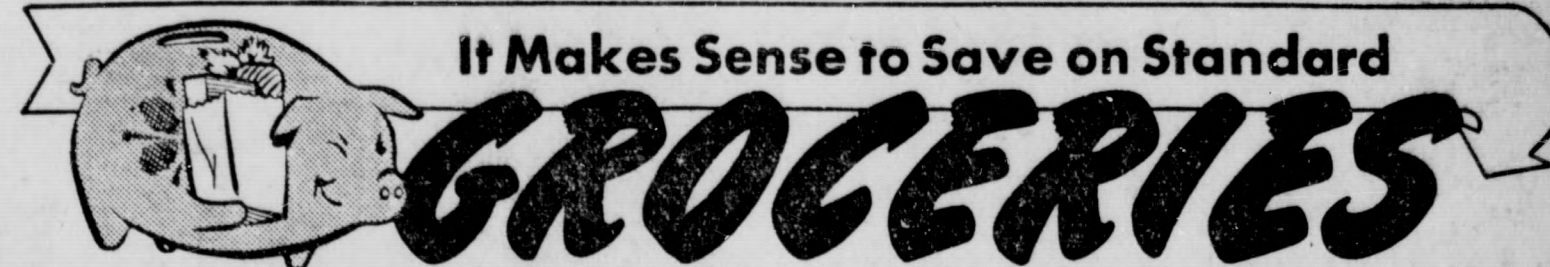

Remember, there is nothing to send but the limerick. Prizes are: for the five best verses each week, a two-month supply of PIP; and five one-year supplies of PIP to the five best overall entries.

Also, there are no losers in this contest. Everyone who enters will receive a free bottle of PIP shampoo.

Contestants may send in as many entries as they wish.

The four other major winners this week include: Mrs. Mae Clayholt, 1120 Munich street; Mrs. Keith Swanson, 226 Hillside boulevard; Mrs. J. Piccard Jr., 185 W. Molke street; Melvin E. Fellers, 6818 Mission.

About Wages and Square Pegs In Round Holes

By Ridgely Cummings

Well, dear friends and lonely hearts, the subject for my sermon this week is wages.

Wages are something all of us are interested in. We either pay them (if we're lucky) or get them or are looking for them.

Now I'm no expert on wages and would be in no position to write an essay about them were it not that last year I numbered among my friends a big, fat radio writer named Hal Altman. Hal is still a friend but he is managing a radio station up in Redding or Red Bluff or some such town in northern California and I never see him any more. Since he is a writer, he never writes letters so I never hear from him either, hence I speak of him in the past tense.

A year or so ago Hal was "at leisure." Being possessed of insatiable curiosity, he was bouncing around town taking in all the important events. Being gregarious, he sometimes dragged me along with him.

Offers Press Pass

One morning when I was up to my ears in work Hal blew into my office and asked if I had a press pass to the International Labor Conference. I said no and Hal said come on, he would get me one.

"What do I want with a press pass to a labor conference?" I demanded. "Even if I got one I wouldn't have time to go there and listen."

Hal never took no for an answer. He recited the names of world-famous people I would meet from England, India, France, Belgium and so forth and before I knew it I was trailing in his wake, a tugboat behind an ocean steamer, for although he outweighed me by a hundred pounds Hal easily outwalked me.

We steamed into conference headquarters and if I gave a blow-by-blow account of all the people I met there I wouldn't have any space left to write about wages. I've forgotten most of the names anyway, except Monsieur Jouhoux and I believe it was Larry Allen who was head of the press arrangements.

Research Material

Suffice to say that when I left I was laden down with documents. Back in my office I put the books and pamphlets in a corner and got back to work and forgot about them.

The other day I came across one of them, a thick book titled: "Wages, General Report, sixth item on the agenda, International Labour Conference, thirty-first session, San Francisco, 1948."

From this volume I have abstracted the following, which are not direct quotes but the thoughts put into Cummingsese for the sake of simplicity and easy comprehension.

The word "wages" means different things to different people. To the worker, wages are income while to the employer they are a cost.

There is a difference between wages and salary. (I didn't know that until just now.) If a worker is paid by the year he gets a salary. If he is paid by the hour, day or piece-rates, he gets wages. If he is paid by the month he is in between but is generally considered a salaried employee.

There are four systems of wage payments, according to the book. These are payment by time, which is generally applied to clerical and supervisory workers and is favored by labor because it eliminates speedup pressures; payment by results; profit-sharing; and the contract system.

Proper Pegs

These international labor experts came out strong for several very good things. One of the things they favored is putting square pegs in square holes; or said another way, keeping square pegs out of round holes. The exact language of the conference on this point was:

"The employment of workers in occupations in which they can have the satisfaction of giving the fullest measure of their skill and attainments and make their greatest contribution to the common well-being."

Isn't that nice? I'm for that too but my advice is, don't tell the boss to move over and let you sit at his desk so you can use your skill to its fullest measure. He might not like it.

Other worthy objectives of the conference were:

a. Full employment and the raising of standards of living;

b. A minimum living wage to all employed and in need of such protection;

c. A just share in the fruits of progress to all.

On this happy note I'll end the weekly sermon and when you go around asking for your just share in the fruits of progress, please don't mention my name. I only work here.

HEADS MARINE VETS—Major General William A. Worton, USMC retired, now chief of police of Los Angeles, California, has been elected president of the Fifth Marine Division Association. A native of Boston, Massachusetts, he entered the Marines in 1917 and was wounded in World War I while serving with the Sixth Marine Regiment. He received the Legion of Merit for services as chief of staff of the Third Amphibious Corps during the occupation of North China in 1945.

Medical Center Soon For U.C.

Construction of the first unit of the new \$21,080,000 medical center at the University of California, San Francisco, is imminent.

The unit is designated Addition No. 2 of the Medical Research Building. The Regents of the University have awarded the contract for construction of this unit to the Empire Construction Co., Ltd., of San Francisco. Cost of this project will be about half a million dollars. Completion is scheduled for October.

The building will contain a laboratory for experimental synthesis of radioactive isotopes, as well as a vault for the storage of radioactive materials. This laboratory will serve the radioisotope needs for the whole medical center; here isotopes will be received, processed, synthesized, etc. The building will also contain general laboratories for medical research.

This will be the first unit of the \$10,315,000 Medical Sciences Building, which will be integrated with the projected \$9,500,000 teaching hospital. The larger units of the L-shaped Medical Sciences building will be 14 stories high, and the whole structure eventually will have about 300,000 feet of gross floor space.

The San Francisco firm of Blanchard and Maher, architects, has designed the building. Lester Gorsline, of the University, is coordinating planning for this portion of the medical center.

BE ALERT WHILE DRIVING

The wise motorist keeps himself physically and mentally alert while driving, points out the public safety department of the National Automobile Club. He knows that a moment of inattention while driving can cause an accident that will bring a lifetime of regret.

UNSAFE BRAKES

If your car swerves when brakes are applied, if uneven skid marks are observed, or if the brake pedal travels too far before brake action

occurs, your brakes are unsafe and require immediate attention, warns the California State Automobile Association.

DANGER ZONES

When you drive, keep alert for danger zones at intersections, on curves and near hill crests, urges the California State Automobile

Association. In these danger zones, keep to your own lane of traffic, reduce your speed and be prepared to stop in case of emergency.

If you are young and healthy, stay that way, advises the California Highway Patrol, by not allowing your youthful enthusiasm to get you into a traffic mishap.

Openings In Tin Fish Reserve

For young men who have two years a week to spare, there are many lasting benefits which may be received by enlisting in the Submarine Naval Reserve.

Some of the benefits which qualified young men between the age of 17 and 28 may receive by enlisting in the Submarine Naval Reserve are:

Training with pay, advancement in rate, submarine qualification, cruises on fleet submarines, free uniforms, retirement pay, a full day's pay for two hours a week, the right to resign at will, and no interference with school or work.

For complete information on the Naval Submarine Reserve Training program, visit or phone the Navy Recruiting Station, Post Office Building, San Mateo. Phone DI 4-781.

Of course you slow down when the streets are covered with snow, rain and ice. But do you slow down enough, asks the California Highway Patrol?

Driving to the mountains soon? The California Highway Patrol recommends that you keep some warm clothing and blankets in your car, just in case you are stranded somewhere and the car heater goes dead.

NEWS FROM THE SCHOOLS

CROCKER

A pleasant surprise announcement was received by the Crocker prospective graduates, when they learned that they were going to have pictures taken of their graduating class. Girls all decided to wear skirts, sweaters, and scarfs. The Crocker students have always been most fortunate to have Superintendent Snell in their final class picture.

Another activity engaging the interest of the graduates, is the making of favors for their graduation party. Everyone is pitching in and doing his share, to make the tables attractive. Crocker PTA graduation luncheons have always been outstanding and anticipated with enthusiasm.

Crocker School gained three students this past week and lost one. Solveig Middle entered the fifth grade while her brother Ronald was admitted into the seventh.

William Walker, a former student, entered Crocker. Jo Ellen Toler transferred to Ventura, California.

The pupils of Room 6 are learning about the area and perimeter of an oblong. In social sciences, they are learning about the products of the United States.

In science Room 3 has been studying about how plants and animals prepare for winter. This is an appropriate subject, considering the weather during the past few days.

The new kind of work in arithmetic for both seventh grade classes is studying how to read and make charts and graphs.

Children of Room 5 had an enlightening social studies period when Patsy Seymour showed the class photographs taken by her father in Arabia. They saw what true desert land is, how the people dress, the effect of Western influence, and the more primitive ways of living used by Arabians for centuries.

JEFFERSON
The first grade participated in an interesting dramatization of the "Three Goats" during their story period. Terry Christman very convincingly enacted the part of the cruel ogre while Le Roy Kusber, Darryl Petersen and Ronald Tessono were the three goats crossing the bridge for food.

The first and second grades of Room four are starting a farm unit for social studies. The interest of the children has been stimulated through records, books, and pic-

NATIONAL PRESS BUILDING
WASHINGTON, D. C.

By Anne Goode

Ever bake a potato for the prescribed length of time and find it still hard? The potato's at fault. Not you. Some spuds are best for frying, some for boiling or baking. The grocer may be packaging them for just these special purposes soon.

You'll recall that last Spring the House of Representatives passed by a large majority a bill to remove the discriminatory taxes on yellow margarine. The Senate is expected to vote upon this bill only in January. If you think the 10c Federal tax on yellow margarine is unfair or if you're tired of coloring your own margarine, by all means write your Senators and tell them so.

Blame Old Man Weather on the fact that citrus fruit prices are high. Unusually cold weather and hurricanes have cut the production in half.

Taking off your shoes immediately when they become wet does more than prevent a cold. It saves the shape of your shoes. After they dry give them two coats of the oil of shindola. That helps soften the leather as well as bring back the fresh new look.

Remember that veiling has more of a function than just a hat trimming. It can be a flattering cosmetic aid or an interesting color accent. Beige and pale pink veiling in fine mesh gives a creamy glow to the skin. Shocking pink or tangerine makes an all-black costume even more sophisticated.

You do use a paper bag when flouring chicken, salting French Fries and sugaring doughnuts, don't you? It is not only the easiest and most economical way but coats more evenly. For those who've never tried it, just put a little flour, sugar or salt in a paper bag. Drop in a few pieces of food at a time and shake well.

OREGON'S STATE PARKS

Oregon protects her scenic areas from the seacoast to the high mountains by maintaining a chain of 177 state parks, according to the National Automobile Club. These parks range in size all the way from two or three acres by the side of the road to 8,000 acres stretching out over the primitive areas.

During the winter, in most parts of this state, you are much more likely to encounter fog, than at any other time of the year, states the California Highway Patrol. And when fog creeps in, be sure you slow your car to a crawl.

tures brought to the class. A farm mural consisting of twelve parts will give additional opportunity to correlate art and social studies.

The students in the second grade, room six, look forward with happy anticipation for each Monday at which time they have a lesson in music appreciation. The new phonograph in Jefferson School has done much to stimulate this interest. Because of its fine tone quality the children are able to learn many tunes now recorded for their use. At the present they are studying the song "Little Indian Drum." The children are learning the simple rhythmic beat of the drum after which they will learn the more complex patterns. Many enjoyable educational hours are expected to be spent through the usage of the phonograph in the second grade.

On Friday the third grade had the pleasure of listening to the new record player. In addition to the music appreciation lesson, the class heard some record albums. Kathleen Macklin brought "The Grasshopper and the Ants." Jesse Bettschauer brought "Alice in Wonderland." These had been Christmas presents and were enjoyed by all.

BIG BIRD WINGS AWAY—Douglas Aircraft's giant C-124 Globemaster II transport leaves the runway for the first time at Long Beach, Calif. Designed to carry 200 troops with field equipment, tanks, field guns, and fully loaded trucks, the plane is expected to fly 50,000 pounds of payload 850 miles, unload, and return to its base without refueling.

ONE OF THE BIGGEST THINGS IN THE ARMY—This giant T-8 transport, complete with two drivers, one in front and one in the rear, weighs 188,500 pounds when loaded to capacity. Here it transports a medium tank. Its length is 55 feet. The front and rear drivers while on the road speak over the inter-communications radio set. (Official Department of Defense photo).

STRICTLY FRESH

RUSSIA is reported to be building a thousand submarines. Maybe it's about time we quit worrying about the Red underground and started worrying about the Reds underwater.

In cities where the water shortage is really bad, cleanliness is no longer next to Godliness; it's next to impossible.

Headline: "Latin Countries Talk of War, but Doubt There'll Be Shooting." Well, that's right in the good, sensible cold war tradition.

There will be more competition in automobiles during 1950, the industry says. Competition between autos and pedestrians is expected to be about the same.

Undoubtedly you know the streets of your own neighborhood pretty well, but do you know that it is on them that you are most likely to have an accident? Seems to the California Highway Patrol like a case of familiarity breeding contempt.

CAR WANTED — '40 to '42. Will exchange expert painting as all or part payment. Box B, Daly City Record.

TEST YOUR I. Q.

1. How fast can a bobsled travel?
2. What former heavyweight champion boxer was issued a patent on a monkey wrench?
3. About how many muscles of your body are in use when you walk? 10? 100? 500? 1000?

4. Whose likeness appears on the U. S. penny postcard?
5. What four-month period of the year produces one-half the annual egg production of the United States?

Answers to TEST YOUR I. Q.

1. Speeds of 79 miles an hour have been reached on four-man bobsleds, according to the Encyclopedia Britannica.
2. Jack Johnson.
3. When you walk, you use about 520 muscles.
4. Thomas Jefferson.
5. March, April, May and June.

STEP UP; DINNER IS SERVED—Mess Steward Sgt. Nina D. Guthrie, of Freeport, Ohio, serves a tempting meal to Recruit Diana D. Sheets, Luther, Michigan, and her fellow WAC recruits in bivouac training at Camp Lee, Virginia. In the 13-week basic training cycle the young women of the Army are given a taste of life in the field embraced in a five-day bivouac. It amounts to rough and ready exercise in preparation for any emergency. That's why they have good appetites.

Druids' Winter Carnival Jan. 27

The climax to four months of hard work by the 1950 Druids of California Convention will be the results of the Winter Carnival sponsored by this committee on January 27, 28 and 29 at Druids' Temple, 44 Page street, San Francisco.

All sorts of refreshments, free dancing, and country and novelty stores will be in full swing to the joy of all the public.

Free admission to the great event assures a packed house the entire three evenings, as well as Sunday afternoon.

The funds secured through this

FULL TIME JOB

When you are at the wheel of your car, safe driving becomes a full-time job, demanding your full attention, points out the California State Automobile Association. Even at the moderate speed of 30 miles per hour, your car is traveling 44 feet per second, and a second's inattention can result in an accident.

venture will assist in defraying expenses for the 1950 Druids Convention at Santa Maria in June.

Judge John H. Flor, general chairman of the convention committee, assures a pleasant evening to all those attending.

\$297,019 Building Permits Issued

Getting off to a good start for the year the total value of building permits issued by the city last week totaled \$297,019.

Largest single permit went to Henry Doelger's Westlake tract for 24 homes. Total value of this permit was \$268,079.

Daly City also will have a new flower shop in the near future. F. Rizzo, 211 Chestnut street, S. San Francisco received a permit to put up a \$2,200 wood frame building at 89th and Junipero Serra boulevard.

Other permits went to: Mr. and Mrs. Tony Ciaro for a \$8,540 home on East Cavour st. Ricco Lagomarsino for a \$7,700 home at 364 Woodrow street. Clifford Terry for a garage and apartment valued at \$10,500 at 101 Citrus avenue.

Wednesday, 8:15 p.m. — El Carmelo Parlor No. 181, NDGW, Masonic Temple, 17 Hillcrest drive.

Thursday, 8:30 p.m. — Court St. Mary No. 1155, CDA, Masonic Temple, 17 Hillcrest drive.

Do you know that a person who drives a car is usually a better pedestrian? According to the California Highway Patrol, he is better acquainted with the limitations of both the automobile and its operator, than is the non-driver.

A good way to determine whether you are driving too fast is to compare your speed with that of the majority of cars on the road. If you are passing up most of them you're probably driving too fast, says the California Highway Patrol.

Peninsula Lions Clubs Hold Dance This Saturday

Advance ticket sales indicate that 3,500 persons will attend the first annual Youth Welfare dance which will be held Saturday evening, starting at 9 o'clock, at Bay Meadows Club House under the sponsorship of the Peninsula Council of Lions Clubs.

Proceeds will be devoted to youth welfare activities of the seventeen Lions Clubs which are participating in staging the giant event, according to Milton Athey, general dance chairman.

"A portion of these funds will be contributed to the March of Dimes drive," stated Athey, "because this current worthwhile campaign fits in with the rest of our program of helping needy and handicapped children."

Top attraction of the evening will be the dance music of Ray Hackett and his orchestra, popular recording artists, now heard daily over Radio Station KCBS.

Anderson Offers Free Trial On Whirlpool Products

Ever alert to give Daly City the latest home appliances, G. A. Anderson, of Anderson Refrigeration at 7046 Mission street, now has Whirlpool Automatic Washers and Dryers on display.

Very enthusiastic about the new and valuable innovations found in the new line, Mr. Anderson stressed that every housewife can save money, time and effort by using Whirlpool products.

Speaking of the washer, he emphasized that there are at least 13 points that will appeal to all:

1. Suds-Miser — You can save over one-half on cost of soap and hot water.
2. Seven Rinses — After extracting wash water, the Whirlpool rinses seven times.
3. Agiflow Water Action — New, scientifically designed agitator produces water action to wash clothes extra clean.
4. Ultra Violet Lamp — Releases germicidal rays, helps keep clothes sanitary.
5. Cvcletone Signal — Tells housewife when washing is completed.

6. Completely Flexible operation — Any part of cycle may be repeated or omitted, washer can be stopped or started at any time during cycle.
7. Temperature Water Selector — Water at the right temperature for every type of fabric or material.

8. Automatic Filling — Water always a correct level. Can be operated with less than full load.
9. Thorough Water Removal — Extract 25 per cent more water than wringer drying, leaves no hard creases in clothes.

10. Top Loading — Eliminates stooping, door can be opened while washer is operating.
11. Beautifully designed — Harmonizes perfectly with modern kitchen or laundry room.

12. Simple Installation — Entire mechanism suspended from cabinet's frame, and cushioned in rubber.
13. Simplified Construction — means service problems practically eliminated.

As for the dryer, Mr. Anderson explained that it operates with both gas and electricity and has 16 appealing points: 1. Circle-Flow Circulation — Air is preheated for faster drying, extra operating economy.

2. Ultra Violet Lamp — Ozone released from lamp keeps air fresh, has germicidal effect.
3. Dries with Convection Heat — Heated air is tempered before reaching clothes.

4. Forced Exhaust — Air funneled directly out of cabinet by exhaust fan.
5. Cools Clothes — Tumbler continues to operate after shut off.
6. Automatic Stopping and Restarting — Stops when door opens, starts when door is closed.

7. Built in Safety — Gives complete protection.
8. Engineered for Convenience — Simplest most convenient.
9. Trouble Free Operation — Everything done to insure service-free use.

10. Perma-Heat Element — Electric model has highest quality element to prevent burnouts.
11. Lifetime Lubricated — Porous bronze bearings permanently lubricated.

12. Smooth Tumbler — Rustproof without perforations.
13. Smaller Size — Making it easier to install and handle.
14. Fire Glass Cabinet Insulation — Keeps surface at low temperature.
15. Instant Clean Lint Trap — Conveniently located, and exhaust air broadly dispersed.
16. Quick, Clean Service — Every part is readily accessible.

Mr. Anderson went on to state that the manufacturers of the Whirlpool appliances are so confident of their products, they ask everyone to take a ten-day free trial of either or both.

Do you always take the same street on your way to work? No, states the California Highway Patrol. It is actually a different street at night, or when foggy or raining. If you treat it the same at all times you are letting yourself wide open for an accident.

Vic Vet says

VETERAN STUDENTS AND TRAINEES NEED NOT REPORT NATIONAL GUARD DRILL PAY IN THEIR EARNING STATEMENT

NEW CONTACT LENSES—Dr. William Feinbloom, of New York City, is about to place a contact lens weighing little more than a postage stamp over the right eye of Adrienne Goldstone in a demonstration at Northern Illinois College of Optometry in Chicago. Plastic and unbreakable, the new lens is based on a newly discovered principle of successfully moving the control area onto the cornea, instead of the white of the eye. This, says Dr. Feinbloom, eliminates discomfort.
